

## FUND APPARENTLY OVERSUBSCRIBED

Definite Figures on Red Cross Fund Will Not Be Available Until Today

## CONTINUE CAMPAIGN

Additions Will Be Made All Thru the Week As Many Cities Continue Canvass

## WILL COLLECT MONEY

WASHINGTON, June 26.—Tabulations at Red Cross headquarters at 1:30 o'clock this morning (Tuesday) showed \$100,312,000 in reported pledges, of which \$35,993,000 was from New York City and \$64,320,000 from the remainder of the country. Reports later are expected to tell the total at least \$5,000,000 campaign managers say.

WASHINGTON, June 25.—Over-subscription of the Red Cross hundred million dollar fund seemed assured tonight when the eight day nationwide campaign closed with final rallies in hundreds of American cities. The country's total outside of New York City tabulated by Red Cross headquarters late tonight was \$60,650,000 and pledges still were pouring in at the rate of about a million an hour.

Will Continue Canvass. Definite figures will not be available until tomorrow, when cities report the result of their last minute efforts but Red Cross officials said tonight they had no doubt the totals will show that American generosity had responded in the same spirit as in the liberty loan. All thru the week additions will be made to the fund as campaign committees in a number of cities gathered so much momentum that they insisted on continuing the canvass beyond the fixed date.

Ten million dollars of apparent over-subscription may be necessary, it was said tonight, to make the actual collections equal to \$100,000,000 owing to the possibility of duplicate recording of some corporation Red Cross dividends at their source and also in the locality where stockholders live. The next two or three weeks will be devoted to gathering the money promised in individual pledges. Meanwhile Red Cross officials will try to formulate plans for the most efficient expenditure of the millions, large portions of which already are sought by humanitarian interests in France, Russia, Roumania and other European war-stricken countries as well as here in America.

First Money Reaches Treasury. Just as the campaign was closing tonight the first actual money reached the Red Cross treasury by aerial messenger.

Miss Katherine Stinson, a young air woman, descending on the capital at the end of a two day flying trip from Buffalo, Albany, New York and Philadelphia carried to Secretary McAdoo, treasurer of the Red Cross, money and pledges gathered from cities she visited. Alighting near the Washington monument at dusk, Miss Stinson was taken in an automobile by a Washington Women's Red Cross motor corps to the south steps of the treasury where Secretary McAdoo and a throng of sightseers were waiting.

"You have made a remarkable and daring trip," the secretary said as he took the envelope containing checks and pledges. "You have typified by your act the spirit of the Red Cross which is to dare everything, even death itself, for the sake of bringing relief and comfort to suffering humanity."

Extend Campaign. New York, June 25.—Altho "Red Cross Week" ended officially at midnight, the disappointing amount collected here today, in the final drive to bring New York's total to the \$40,000,000 mark has resulted in an extension of the campaign until tomorrow, it was announced tonight.

The thirty Red Cross teams reported today that \$2,214,168 had been added to the fund bringing New York's total to \$35,993,236. Today's contributions were far below the tentative quota for this closing day.

Three States Oversubscribed. Boston, June 25.—Three of the five states which reported to the New England Red Cross Headquarters here tonight had oversubscribed their allotment to the Red Cross fund. Maine's total was incomplete, but it was said to be more than the \$500,000 mark set as its goal. New Hampshire, which was allotted \$270,000 turned in a total of \$370,000 tonight while Rhode Island which had been asked to raise \$750,000 had reached the vicinity of the \$800,000 mark tonight.

Massachusetts needed \$1,092,514 to make up its allotment of \$5,000,000.

(Continued on Page 5.)

## BRITISH STEAMER SINKS GERMAN SUBMARINE

Vessel Sends Shell Into U-boat's Magazine

Shot Causes Explosion Which Parts Diver Amidship—Each End Sinks Separately—British Steamer Uninjured.

AN ATLANTIC PORT, June 25.—Members of the crew of a British steamer which arrived here today reported having sunk an attacking German submarine. The British vessel sent a shell into the U-boat's magazine causing an explosion which parted the underwater boat about amidship. Each end sank separately. The British steamer was uninjured.

The submarine was five miles distant and running away after having attacked the Britisher nearly 400 miles off the coast of Ireland. According to the story told by the gunner of the British steamer the submarine was first seen when she sent a shell at the steamer a distance of about 5,000 yards. It fell short and the steamer immediately was swung around so that her stern was toward the U-boat, getting the naval gun at work. Eleven shots were fired in rapid succession and each struck very close to the German.

"I knew I had the range after the second shot and so did the German," said the British gunner. "The Germans were using their two guns, fore and aft, while we had only one, but the shells were falling short and he started to run. I followed him with shell, and the twelfth, the one that sent him down, struck just about the periscope. He was then more than 9,000 yards away."

"We could all see the boat break in half and go down disappearing within a few minutes."

## BOHEMIAN REGIMENTS GO OVER TO ENEMY

COPENHAGEN, June 25.—The disclosures of the retiring Austrian minister of defense F. Von Georgi, before a reichstag committee that three Bohemian regiments had during the war gone over to the enemy in a body and his statement that Czech prisoners of war had volunteered for service against Austria-Hungary in considerable numbers revealed only a part of the anti-Austrian demonstrations of Bohemian troops. Thru long continued conflicts with the Germans for dominance in Bohemia they have felt, in a way more closely allied with the Russians than with Teuton-directed Austria. It is a fact freely admitted in Austria-Hungary, altho the newspapers have never previously been permitted to refer plainly to it that from the beginning of the war Bohemians deserted en masse at every opportunity. Certain regiments, as early as the spring of 1915, had to be despatched because of their conduct in the face of the enemy.

## MOB TAKES NEGRO FROM JAIL AND HANGS HIM

CALVESTON, Tex., June 25.—Chester Sawyer, a negro accused of attacking the wife of a dairyman, was taken from the county jail here about 2:30 o'clock this morning and lugged at the western boundary of the city. The mob was composed of only a few men, who obtained entrance to the jail by a ruse and then overpowered the jailer.

Three members of the mob, one of them bound and impersonating a prisoner presented themselves at the jail and were admitted. They then overpowered the jailer, took his keys and removed Sawyer. He was taken to the western part of the city and hanged. The body was then riddled with bullets.

## WILL ASK OPINION.

Washington, June 25.—Attorney General Gregory will be asked tomorrow for an opinion on the power of the government, without legislation on diplomatic arrangements to draft aliens or those who have expressed intention to become citizen. The questions came up today when former Mayor Fitzgerald of Boston protested that under present plans for drafting the new National Army, aliens and foreigners will be exempted thereby forcing an additional burden on the state to maintain its quota proportion of conscripted men.

## OKLAHOMA TENNIS TOURNAMENT

Oklahoma City, Okla., June 25.—Play was commenced here today in the Oklahoma Patriotic tennis tournament, which takes the place of the annual State championship competitions. The tournament will continue thru the greater part of the week and will be conducted on the courts of the Oklahoma Golf and Country Club. The entrants include many prominent racket wielders, whose high standard of play affords promise of good competition.

## CATHOLIC EDUCATIONAL CONFERENCE

Buffalo, N. Y., June 25.—The fourteenth annual meeting of the Catholic Association has attracted to this city many members of the hierarchy, clergy and men and women of the religious orders engaged in teaching. Today was devoted to the reception of the visitors. The regular proceedings will be opened tomorrow with a solemn mass and an address by Bishop Dougherty.

## CONSTANTINE BUYS CHATEAU.

Amsterdam, June 25.—Former King Constantine of Greece, who recently arrived at Lugano, Switzerland, has according to the Berlin Lokal Anzeiger, bought the magnificent chateau Chateau, near Thun, Switzerland, belonging to the German Baron Von Geditz.

## START ORGANIZED MOVE AGAINST CRIMINALS

PETROGRAD, June 24.—A despatch to a news agency from Nikolayev, northeast of Odessa, relates that the peasants of Odessa, enraged by the crimes of the murderous burglars and horse thieves, started an organized movement against them, torturing or killing captured offenders in defiance of the efforts of the militia. The authorities of Nikolayev who went to the scene to protest were threatened with violence as defenders of the criminals.

## EXPECT UNPARALLELED ARMY RECRUITING BOOM

Reports Indicate Papers Take Hold of Work Vigorously

Officials Emphasize That Plan of Enlistments Offers Opportunity for a Man Over 31 and Less Than 40 to do His Share.

Washington, June 25.—Patriotic and civic societies, newspapers and other semi-public agencies everywhere are making a gratifying response to the government's appeal for support in the campaign of regular army recruiting week, and the war department officials believe the next few days will see a recruiting boom for the regulars unparalleled in the nation's history.

Papers Take Hold of Work. Reports from all over the country indicate that the daily papers, as requested by Secretary Baker are taking hold of the work vigorously and are bringing home forcibly to eligibles the necessity of quick expansion of the regular establishment. Many of them are pointing out that enlistment with the regulars not only would give men eligible for the draft an earlier opportunity for service abroad but would insure that they go to the front under experienced officers of the line and with equipment selected before the great demands of the army have to be met.

Officials are emphasizing that the plan of enlistments for the war period only offers an opportunity also for a man over 31 and less than 40 to do his share along with the younger men subject to draft. President Wilson's proclamation setting aside the recruiting week, six pointed out virtually amounts to a call for volunteers among men of this class.

The recruiting figures for today, which are expected to show the first results of the publicity campaign and really mark the beginning of recruiting week will not be available until tomorrow.

## End of Week Always Poorest

During Saturday and Sunday nominally the first days of the week set aside by the president 915 men were recruited, with New York leading the states with 132 men and Pennsylvania second with 102. The end of the week period for recruiting always gives the poorest results.

Since April 1, 124,949 war volunteers have been enrolled, altho there has been no decrease in the physical standards imposed. This number represents probably less than one fourth of the total number of men who have applied for enlistment and the process of selection that has been followed insures a highly efficient force, comparable to the standing army of peace times in the condition of its personnel.

## TERM MOVE A STEP FOR RUSS DEMOCRACY

WASHINGTON, June 25.—The dissolution of the duma and the council of empire emerged by the Pan-Russian conference of workmen's and soldiers' delegates was said by the Russians here today as merely being another step in the building up of a new government in Russia. It does not indicate the slightest hostility, it was said, between the council and the other parts of the government. The duma it was explained ceased to exist when, after its dissolution by the Czar and its later extraordinary sessions, it created out of itself the provisional government.

## REDFIELD ASKS PARKER TO JOIN COMMERCE STAFF

WASHINGTON, June 25.—Walker Parker, general manager of the New Orleans chamber of commerce, was asked by Secretary Redfield today to join the department of commerce staff and give his attention to the promotion of waterways commerce. A waterways division probably will be created with Mr. Parker at its head.

Heavy demands on the railroads for war purposes has made it imperative, Secretary Redfield said today that encouragement be given to waterways commerce. With the shipping board Mr. Redfield is working on a plan to have the government build barges for use on some of the largest rivers.

## BOILER MANUFACTURERS IN SESSION

Pittsburgh, Pa., June 25.—The high cost of materials, labor conditions and various industrial problems arising from the war are to be threshed out by the members of the American Boiler Manufacturers' association at their annual convention which opens in this city today. The convention proceedings will continue over tomorrow.

## PASS MEASURE TO PERMIT PROMOTION

Washington, June 5.—A bill to permit promotions to the rank of captain in the army medical corps without the five years service now required passed the house today. It will receive early consideration in the senate as its enactment is desired to stimulate recruiting.

## BRITISH HEMMING IN TOWN OF LENS

Haig's Forces Carry Out Successful Raids Sunday Night and Monday

## AIRMEN FIGHT FIERCELY

Germans Cease, for the Moment at Least, Their Infantry Operations

## FIGHT ON RUSS FRONT

BULLETIN  
ATHENS, June 25.—The cabinet headed by Alexander Zaimis, has resigned. King Alexander has informed M. Jonnart high commissioner representing France, Great Britain and Russia that he will ask former Premier Venizelos to form a new cabinet.

Gradually the forces of Field Marshal Sir Douglas Haig are hemming in the town of Lens, the center of the great coal deposits in the department of Pas de Calais and from which prior to the war more than five million tons of coal were annually exported.

Make Further Progress. Successful raids carried out Sunday night by the British gave them at yards of trenches in the woods at the western outskirts of the city, while Monday's operations brought them further progress along both banks of the Souchez river, on front of about a mile and a half southwest of the town.

The British troops are harassing the Germans at various points along the front held by them in Belgium and France with nightly raiding parties which have been successful in killing numerous Germans and taking others prisoner.

The British and German airmen continue to strive for mastery in France and Belgium. Sunday witnessed the destruction of five German airplanes in battle in the air and another by anti-aircraft guns while five others were sent to earth out of control.

The British, however, lost five machines during the operations. Mighty artillery duels between the French and Germans are still in progress on several sectors of the front between Soissons and Rheims.

## Cease Infantry Operations

Apparently the Germans after the experience of last week when they suffered heavy casualties in attacks and gained only slight advantages, have ceased for the moment at least their infantry operations as the latest French official communication makes no mention of fresh thrusts by the crown prince. The badly battered city of Rheims continues to be a target for German German shells, 1200 of them having been dropped there during Monday.

The fighting activity along the Russian front has again extended into the Carpathians around Kirilbaba and the Bukovina frontier. In Galicia, between the Zlota Lipa and Navruka rivers and along the Upper Stripa, the fighting between the Austro-Germans and Russians is described by Berlin as "lively."

The operations in the Austro-Italian theater have again lost their intensity. The artillery duels have died down to almost nothing while the infantry encounters are merely reconnaissances.

A similar condition prevails in Macedonia, altho the artillery duels are somewhat violent in the region of Monastir.

## Torpedo Misses Liner

By the narrow margin of less than twenty feet an American transatlantic liner, proceeding from New York to Liverpool, was torpedoed off the American coast by a German submarine. American gunners on board the liner sighted and fired on the U-boat but whether their shells reached the target could not be ascertained. Only the quick and skillful maneuvering of the liner saved her from destruction.

Another South American neutral steamer has been sent to the bottom by a Teutonic allied submarine. The steamer, the Toro, was torpedoed off Gibraltar while bound for Gona with a cargo of Argentine products.

## MAKE EFFORT TO GET MEN TO ENLIST

Chicago, June 25.—A determined effort is being made this week to enlist in the regular army all men under 31 who apply for admission in the second officers reserve training camp. The reason given for this at the military training camps association is that these men stand a much better chance of obtaining commissions thru promotion than by attending the training camps.

## JEFFERS HEADS UNION PACIFIC

Omaha, Neb., June 25.—William M. Jeffers who started railroad work as a messenger boy at North Platte, Neb., 28 years ago, was today made president of the Union Pacific railroad. He is 41 years old.

## USE MACHINE GUNS IN DISTURBANCES

CORK, June 25.—Machine guns were used on the Sinn Feiners in the disturbance here yesterday morning. They were brought into action after the police with clubs had failed to restore order. The soldiers cordoned various points while the police chased the rioters to side streets. After having borne much stoning the police ordered that guns be fired on the disturbers. One rioter was killed, another severely wounded, while 100 were treated in hospitals for bayonet and shrapnel wounds. The riot was eventually quelled without the troops coming into action.

## PRESIDENT NAMES EXPORTS COUNCIL

Executive in Statement Outlines Country's Export Policy

Secretaries of State, Agriculture and Commerce and Food Administrator Compose Council—Commerce Department to Administer Details.

Washington, June 25.—Control of American exports authorized in a clause in the espionage bill was assumed today by President Wilson with the appointment of an exports council comprising the secretaries of state, agriculture and commerce and the food administrator. An executive order creating the council directs the department of commerce to administer all details of operation.

Outlines Export Policy. A victorious conclusion of the war can come, the president said in a statement tonight outlining the country's export policy, only by systematic direction of American trade.

"The free play of trade will not be arbitrarily interfered with, he said. "It will only be intelligently and systematically directed, in the light of full information to the need and market conditions through the word and necessities or our people at home and our armies and the armies of our associates abroad."

Members of the exports council will meet tomorrow to organize and to recommend to the president a series of proclamations which will put the law into active operation. The first proclamation will require the licensing of all coal and fuel shipments, including bunkers and its purpose is to give the government first a firm grasp on shipping.

## Provide Licensing System.

The second will provide a system of licensing for every class of exports to the European neutral countries and is designed to prevent supplies from reaching Germany. Proclamations to follow will name specific commodities which may not be shipped anywhere without licenses. The first commodities to be neutrals probably will be issued this week.

Under an arrangement to be made with the British government providing for an international shipping control enforced by bunkering and export licensing agreements be designated will be cereals and other foodstuffs.

By degrees the list will be extended until virtually every export commodity is brought under operation of the act.

The proclamations covering coal and exports to European neutrals probably will be issued this week. Under an arrangement to be made with the British government providing for an international shipping control enforced by bunkering and export licensing agreements the United States and Great Britain will have the trade of the world in their hands to direct as in winning the war.

## Will Hurry Proclamation

The neutral export proclamation will be hurried to prevent removal from the United States of large supplies of food stuffs bought by the neutrals and now stored in this country awaiting shipment. The government is determined to hold neutrals to necessities, and in enforcing export regulations virtually will take up the burden of the British blockade, now to be enforced from this point of origin of supplies.

American agents to be sent into neutral countries will keep the close watch on re-exports and will be charged with responsibility for seeing that American supplies stop before reaching the German border. To a large extent they will use British machinery built up during the three years the blockade has been in operation. The export control will absorb the British system of letters of assurance heretofore requested of American shippers before their cargoes are permitted to go to the European neutrals.

## ISSUES BANK CALL.

Washington, June 25.—The comptroller of the currency today issued a call for the condition of all national banks at the close of business on Wednesday, June 20.

## NEWSPAPERS TO CONSOLIDATE.

Fort Dodge, Ia., June 25.—Owners of the Daily Messenger and the Daily Chronicle, local afternoon newspapers, have signed an agreement to consolidate the two publications July 1, it was announced today. Greatly increased cost of supplies was the decisive factor in the action, the publishers said.

## VERMONT UNIVERSITY COMMENCEMENT

Burlington, Vt., June 25.—Khaki-clad graduates and other outward and visible signs of the changed conditions due to the war marked today's commencement exercises at the University of Vermont. The address to the graduates was delivered by Dr. Harris Godfrey, president of Drexel Institute, Philadelphia.

## GOV. LOWDEN ACTS ON TWENTY-NINE BILLS

State Executive Signs Twenty-Three Measures

Five are Allowed to Become Laws Without Being Signed and One is Vetoed—Bill Vetoed is Held to Conflict with Senate Bill Already Approved.

Springfield, Ill., June 25.—Twenty nine bills were acted on by Governor Lowden this afternoon, twenty three of which were signed, one vetoed and five were allowed to become laws without being signed. The bill vetoed, house bill 714, which was to provide money for a state centennial building at Springfield, was held to conflict with a senate bill already approved. Representative Frisch was its sponsor.

Bills Allowed to Become Laws. Among the bills allowed to become laws without the governor's signature were three by Senator Bailey, 459, 490 and 491 providing for a teachers' pension fund from the common school fund equal to one mill on every dollar of assessed valuation and proposing rules or the regulation of the fund.

Senator Coleman's bill proposing health districts at the discretion of the voters will also become a law without being signed.

Bills signed by the governor among others provide for the following: Nomination of Cook county superior court judges and circuit judges by political conventions; Amending law defining duties of state's attorneys; testing of milk twice a month by department of agriculture.

## License Auctioneers.

Revision of medical practice act; holding of regular election in incorporated towns in November, 1920 and each succeeding fourth year; appropriation of \$160,000 for expenses of centennial celebration; no solicitation of fund for war aid unless licensed by the state council of defense; the election of two additional judges of the Cook county superior court in November, 1917; re-enacting the law creating the state court of appeals; a board of review in counties of less than 125,000 inhabitants and substitution of four years experience for graduation from school of pharmacy in granting of licenses to practice pharmacy.

## Appropriates Money for Salaries.

H. B. 945 (Smejkal) Appropriates \$1,738.87 to pay the salaries of certain officers at Joliet penitentiary for June, 1915.

H. B. 100 (Fahy) Appropriates \$1,000 barbers' state board of examiners, to conduct business to July, 1917.

H. B. 1020 (Smejkal) Reappropriates unexpended balance of \$5,100 per annum to game and fish conservation commission to establish game preserves.

H. B. 958 (Smejkal) Appropriates \$10,000 for purchase steel filing cases for office of clerk of supreme court.

H. B. 958 (Smejkal) Appropriates \$2,000 for conveying offenders to Illinois state reformatory at Pontiac.

H. B. 921 (Young) Appropriates \$20,318 for erection of monuments on Vicksburg battle field.

S. B. 365 (Kessinger) Permits counties to secure by purchase or otherwise necessary land to erect and maintain joint almshouses.

S. B. 461 (Dailley) Provides that cities and villages may levy tax not to exceed one mill on the dollar for public tuberculosis sanitariums.

H. B. 981 (Smejkal) Appropriates \$140,000 to the superintendent of printing to conduct business of state to July 1, 1917.

## GIVE OFFICIAL WAR REGISTRATION RETURNS

WASHINGTON, June 25.—Official war registration returns, with Niagara county, New York and three Wyoming precincts missing, made public today, show a total enrollment of 9,569,582, or approximately 96 per cent of the census bureau's estimate. The apparent shortage is more than offset by the number of men in the army and navy who were not required to register.

Of the registrants reported 7,347,754 are white citizens; 953,891 colored; 1,239,865 unnaturalized foreigners from countries other than Germany; 111,825 unaturalized Germans, including those who have taken out their first naturalization papers; and 6,001 Indians.

## VOPICKA CONTINUES JOURNEY TO JASSY

WASHINGTON, June 25.—Charles J. Vopicka, American minister to Serbia, Bulgaria and Rumania, is today preparing to leave here in continuation of his globe-circling trip from Bucharest to Jassy, cities usually nine hours distant. The minister was in Bucharest when the Germans took the city and was not allowed to pass the lines to his station at Jassy. In order to resume his duties in Rumania, he found it necessary to cross Austria-Hungary and Germany and embark for America. His route now lies across the Pacific through Siberia and Russia.

## EXPECT SENATE TO ACT IN TEN DAYS

Predict Food Bill Will Become Law in Time to Deal With Coming Crops

## SEND BILL TO COMMITTEE

Material Changes are Expected to Allay Opposition to a Large Degree

## LOOK FOR TWO REPORTS

WASHINGTON, June 25.—Formal transfer today from the house to senate of the administration food control bill with its new and drastic prohibition features added in the house was accompanied by general prediction that the legislation would be passed by the senate within ten days and finally enacted in time to deal with this season's crops.

## Refer Bill to Committee.

While debate on the Chamberlain draft of the bill continued on the floor of the senate the measure as it passed the house was referred to the agriculture committee. A sub-committee will begin its consideration tomorrow and report to the senate, it is expected on Wednesday.

Material changes which the administration leaders have agreed to accept and which the sub-committee may adopt tomorrow are expected to allay opposition to a large degree. These amendments propose:

Extension of government control over food, feed and fuels, as provided in the Lever bill to many other basic orders including iron and steel and their products, oil, coppers, lead, zinc, aluminum, platinum, farm implements, fertilizers and binding twine. Elimination of the provision for regulation of consumption to insure that the food administration shall not regulate individual rations.

## Would Include New Section.

Inclusion of a new section to insure that control of farmers' production or storage of his own products cannot be attempted, and, Addition to the licensing section to make clear that the charges to be fixed shall relate to storage and other middlemen's handling.

Aside from difficulties ahead over prohibition opponents of the bill promise to continue their fight on the licensing plan, minimum price fixing, the provision for government purchase of foodstuffs, the section authorizing commandeering of factories and plants and mines. Majority and minority committee reports are looked for.

## Majority Favors Substitute.

On the house amendment prohibiting further manufacture of foodstuffs into intoxicants of any kind, a majority of the committee is said to favor a substitute along similarly drastic lines. The fight will continue on malt liquors and wines. The question of revenue loss from prohibition of liquor manufacture promises to be prominent.

Chairman Sims, and other finance committee members plan conferences with the agriculture committee leaders to discuss that feature.

## AUTO DEALERS TO ORGANIZE

Chicago, Ill., June 25.—The first national association of automobile dealers and distributors is to be organized at a meeting to be held here this week. The organization will adopt the title of National Automobile Dealers' association and will consist of distributors and dealers in automobiles with direct factory connections. There are more than 25,000 such dealers throughout the country and it is expected that the majority of them will be embraced in the membership of the association.

## ITALIAN MISSION WELCOMED IN BOSTON

Boston, Mass., June 25.—Flags and other decorations of red, white and green were prominently displayed in Boston today in honor of the visit of the Italian war mission, headed by the Prince of Udine. Among the numerous features provided for in the day's program were a reception at the State House, visits to the Charlestown Navy Yard and the Fore River ship yards, a parade of local Italian societies, and a public reception in the afternoon.

## WEATHER INDICATIONS AND TEMPERATURES

Illinois: Generally fair Tuesday and Wednesday, not much change in temperature.

## Temperatures.

The current, maximum and minimum temperatures as recorded Monday were:

A BASIS FOR RED CROSS CONTRIBUTION.

Campaigns have been in progress for a week past in a countrywide way to solicit funds for the Red Cross society. George Royce of West Lafayette avenue, who is a land owner in Piatt county, tells of the method which has been used there for raising needed funds. The land is taken as a basis of Red Cross solicitation and farmers are asked to pay on the basis of 20c per acre. This was true if a man lived on his own farm and in case where the farm were rented the owner was asked to pay 10c an acre and the tenant 10c an acre. This same plan was followed out in Sangamon county with excellent results. It has been suggested that some such plan be tried out in Morgan county and it is a reasonable proposition because in the first place land is the basis of all values, and secondly the war has had a very direct bearing upon this industry.

Morgan county in round numbers has 370,000 acres of land. It is reasonable to assume that a portion of the landowners would not be willing to pay a Red Cross assessment. Altho this is a county of rich land there are many acres of comparatively poor quality and certain sections where there is much waste land. But if one-half of the landowners of this county were to contribute to this great humanitarian work on the basis of 20c an acre, Morgan county's allotment of \$25,000 would be more than paid.

It has been suggested, too, that the plan might be carried out in a way to apply to corporations as well as lands. They might be asked to pay 10c per \$100 on their capital

stock or upon the actual capital invested.

Somebody said yesterday after giving due praise to the men who made the excellent addresses at the opera house that they had a great theme and that a man who couldn't make an inspiring speech on the Red Cross work couldn't make one on anything. The same thought might apply to people who give. If you, and you, and you understand what the Red Cross society is doing you certainly will contribute toward the fund.

CONSERVING HUMANITY.

(Rockford Register-Gazette.) Dr. Allen J. McLaughlin, state health commissioner of Massachusetts, has appointed a committee to consider ways and means for the conservation of child life in that commonwealth. Dr. McLaughlin thus points out the need of some constructive plan to conserve the human resources of the country.

The importance of baby saving is accentuated by the loss of man power due to war. Germany has demonstrated that by intensive methods of child conservation enough lives of babies can be saved over and above those saved by ordinary methods in times of peace to replace in a few years the man-power lost because of the war.

The movement outlined by Dr. McLaughlin should be taken up with energy in every state in the union—and it should be undertaken by a national government agency. America is devising and putting into operation the most comprehensive measure for the conservation and utilization of its national resources that our history has recorded. And the most valuable, the most irreplaceable of these resources is the life of our babies, our future workers and defenders, our future fathers and mothers.

Congress, as it is its power to take immediately a step that shall encourage mothers and fathers, that shall lighten the burden of parents and give the little ones a better chance of good nourishment and good bringing up.

There must be a tax exemption for children.

THE PEOPLE ARE AWAKE.

Senator James Hamilton Lewis some weeks ago was alarmed by the apparent apathy of the people and suggested that congress adjourn for a few weeks while the spell binds from the house and senate should go about the country and arouse the people to the real situation. After the people responded so nobly to the Liberty loan proposal the senator decided that he was wrong and that Americans were really awake to the situation. In his public acknowledgment of his error and in his patriotic tribute to the people the Illinois senator said:

"Mr. President, I assume that I am permitted by the Senate to express its gratification at the display of patriotic support of the Liberty Loan. The American nation has delivered \$3,000,000,000 in response to a call for \$2,000,000,000 for the first installment for national defense against Prussian invasion of American rights. Let the doubting world note that the people of the United States, when suddenly precipitated from peace to war on a day's demand, rescued themselves from business obligations, commercial undertakings, banking and industrial pledges, and in fifteen days paid to their nation a sum of money the equal of which the warring nations of Britain took six months to deliver, France five months, Germany eight months, and Russia more than a year and two months.

"If there be those in American who doubted if America's zeal in this war was aroused, or her interest awakened, or her people unanimously enlisted, let them heed this response to the call of the president and the appeal of the secretary of the treasury. Let the world behold that upon the first call to our nation by her commander her response was that of the prophet to the Lord, 'Here am I.' For victory quick and certain, America responded for the largest sum in a given time to a national defense recorded in all history."

WILL GIVE HOUSE PARTY.

Miss Mary Strawn, daughter of Mr. and Mrs. J. G. Strawn, is giving a house party in the Strawn country home near Alexander. The guests were Misses Dorothy Farrell, Isabel Ames, Ruth Reynolds, Marjorie McMurphy, Florence Masters and Isabel Oatman, of St. Louis.

Washout Will Tie Up Carbon County, Utah, Coal Mines

Price, a Town of About 1500 Persons, is Believed to be Marooned, Communication Having Ceased—Flood Results From Breaking of Irrigation Dam

Colton, Utah, June 25.—Forty five miles of the Denver & Rio Grande main line between this city and Price is under water as a result of the breaking of the Price River Irrigation company's dam, 12 miles northeast of Fairview on Sunday afternoon. Bridges, culverts and roadbed have been washed away. Price, a town of about 1500 persons, is believed to be marooned, communication having ceased. The washout of the Rio Grande will tie up the immense coal mines of Carbon county which are the chief fuel supply for the smelters near Salt Lake City.

Communications Cut Off Salt Lake City, June 25.—Communication between Salt Lake City and Price was cut off shortly after 9 o'clock tonight. Both telephone and telegraph wires are down. The crest of Mammoth reservoir dam flood was due at Castle Gate at 8 o'clock. No word has reached here from that place since 7 o'clock. The report that the crest of the flood was due at Castle Gate is taken to mean here that the dam has gone out.

APPOINTMENTS ARE MADE

BY THIRD WARD COMMITTEE The Red Cross committee of the Third ward met at the home of E. E. Wells, 1022 South Main street, Monday evening and announced the apportionment of the ward to the various workers. Badges and cards may be secured by any of the workers at Red Cross headquarters on West State street. The appointments follow:

South Main street—E. E. Wells and family, north of Morton; and Mr. and Mrs. Charles Boston, Morton avenue, south.

South East street—D. Scott Sweeney, Miss Mayme Sweeney, Franklin south; Mrs. William Masters and Miss Florence Loar, Franklin north.

South Clay avenue—Seton Biggs, C. O. Bayha and William C. Howe, Chambers street north.

Goltra avenue—Newton Donovan Hardin avenue—M. L. Hildreth Routh street south; and Miss Barbara Gebert, north of Routh.

Mauvasterre street—Mr. and Mrs. Joseph Ludwig.

Lurton street—Mrs. Medora Bryant.

Sharp street—Mrs. Medora Bryant.

Ebbey street—John Easley.

East State street—Mrs. Thomas Clamphit, east of the railroads; Mrs. J. K. C. Pierson, west of the railroads.

East College street—Mrs. D. G. Claus, Clay avenue, west; Mrs. William Winchester, Clay avenue, east.

East College avenue—Mr. and Mrs. Thomas Rapp, Hardin avenue, west; Mr. and Mrs. George Brown, east of Hardin avenue.

Routh street—James V. Kennedy.

East Chambers street—Tinee Dillon, Clay avenue, east; Mrs. George Siegfried, Clay avenue, west.

East Morton avenue—Mr. and Mrs. T. S. Martin.

East Superior avenue—Edward Lonergan.

East Michigan avenue—Edward Lonergan.

Brooklyn avenue—Miss Tinee Dillon.

Park street—Thomas Duffner.

Bissel street—Scott Sweeney.

Kentucky street—Miss Martha Hoover.

Franklin street—Mrs. D. T. Heilmlich.

Brook street—Mrs. Medora Bryant.

Arnett street—John Easley.

Spaulding place and Johnson street—Mr. and Mrs. George Brown.

Henry street—Thomas Martin.

WITH THE SICK

Mr. and Mrs. Emanuel Ward of Cannon City, Colo., are here, called by the serious illness of Mr. Ward's father, Emanuel Ward of North Fayette street.

Rippling Rhymes By WALT MASON

NO HATRED

Although we'd can that kaiser skate, and beef the kron prinz chap, we chant no bitter hymn of hate, as we go forth to scrap. When we have polished off the Hun, no vengeance we'll demand; we'll calmly put away the gun in our umbrella stand. Some nations, worn by pain and toll, may possible remark that William should be boiled in oil, his son fed to a shark. But there's no hatred in our heart; we're sane and circumspect; when we've upset Bill's apple cart, harsh measures we'll reject. We'll put old Kaiser Bill away, where he can do no harm, and set the kron prinz pitching hay on some sequestered farm. For Hindenburg a lonely rock, an island bleak and bare, where gulls around his head will flock, and lay eggs in his hair. We wish to see the German state once more a happy land, and we shall shall whoop no hymn of hate, when old Red Bill is canned. But she must still be pounded down all Bill no more shall show his ermine, scepter, sword and crown, his scrofula and throne. The kron prinz must be in a crate, Pop Hindenburg in jail, or (though we sing no hymn of hate) our work will not avail.

THIS DATE IN HISTORY

June 26, 1834—Chicago, Illinois. Land office established. Act of June 26, 1834. Galena, Illinois. Land office established. Act of June 26, 1834.

Morgan County's Duty

(By M. F. Dunlap)

The Red Cross is a national organization. The president of the U. S. is its president and the secretary of the treasury department is the treasurer. Other cities started somewhat earlier upon this work and we here are now engaged in the preliminaries. It is earnestly desired that we secure 7,500 members here and later there will be a call for funds. Already in this campaign some persons have made sacrifices that should inspire all those who have the love of liberty within their hearts. Edgar E. Crabtree, who is managing this organization so successfully, gave up a vacation period and has practically withdrawn himself from his business work for the past week in directing the organization plans. I have wondered at the strength given Mrs. Hester Capps as she has labored so unceasingly for the Red Cross needs. Then we cannot but comment upon Miss Louise Capps, who went to Chicago to spend weeks studying the Red Cross work and has come back to Morgan county to give the summer to this cause. Vacation plans and personal pleasures were set aside for this work. There are hundreds of others who have engaged in this work with equal self sacrificing spirit, but we cannot mention them all.

In the days of the Civil war meetings similar to this were held in this county. At that time we called the meetings the Soldiers' Aid society. I recall as a very small boy that I attended such a meeting at Antioch church. The people came from all over that neighborhood, brought their dinners in baskets and after the noon hour came a meeting, when the need for funds was urged and subscriptions were asked. Jacob Strawn promised \$10,000 if an equal sum were raised and this was done in a few weeks' time.

The of Morgan county to the Red Cross is \$25,000. Should we not raise it with comparative ease? In 1861 the bank deposits in this county were not one tenth of what they are now and yet the sum we are asked for is only \$5,000 greater than was given in 1861. We must remember that this is our war, it is not the war of the allies and that we cannot retreat if

we would. The Red Cross work is not a charity, it is a duty and certainly those who do not fight should be willing to give. Registration day was held June 3 and in due time some of the soldiers will go from this locality. Morgan county was not excused on that day and are we not going to do our part in this Red Cross movement?

Every farmer in this county who has sold his corn for more than \$1. his wheat at a figure above \$1.25, or his hogs at a higher price than 10c has made money out of the war. That is not reprehensible. You did not cause the war and I did not, but by selling at such figures we have made money and certainly if for no other reason we should be willing to contribute. How long will the war last no one can tell, but it will be long enough. Sorrow is certain to come to Morgan county after awhile when the news comes from the battle front. It is hard when our friends pass away at home, with loved ones about them and after everything possible has been done. But you cannot go with these soldier boys to the front to nurse them or to be with them at the final hour. You can, however, send the Red Cross workers to do the part that you cannot do, to bind up the wounds, to put a hand on the fevered brow and to cheer the hearts of those who are racked by pain. Thru the Red Cross you can minister to those you love on the battle front.

This is not an extravagant picture I have drawn, it is just the mere outline of what the future holds. It does not make any difference what you think about the war. I was one of those who did not favor the war and had thought that in some way it might be avoided. But as I was not in favor of the war, now I am just as strongly opposed to the commercial aspect, your property without the Stars and Stripes would be worthless. Dark days may come for this country but in the end we certainly will win, for democracy must rule in this work and not autocracy. What Washington and Lincoln stood for we will stand for and as we join in this Red Cross effort we are indeed fighting the fight for liberty, freedom and justice."

FUNERALS

Harney

The funeral of Guy Raymond Harney was held Monday forenoon at 10 o'clock in the Christian church in Woodson and burial was made in Sheppard cemetery. The Rev. G. W. Miller was in charge of the services. Misses Mae Cade, Hazel Sullivan and Adelaide Vasey cared for the flowers. The bearers were William Obert, Clarence Henry, Clarence Morrow, Edward Fuller, Russell Devore and Ralph Shelton.

Young Mr. Harney died at the family home in Woodson Saturday forenoon at 10:30 o'clock. He underwent an operation for appendicitis last December and from the effects of this he did not fully recover. He was born March 30, 1900, and thus was 17 years, 2 months and 23 days old. He leaves to mourn his loss his mother and three brothers, Jesse F., Earl and Harvey. His father preceded him in death Sept. 3, 1906. One sister, Mrs. Mabel Hopper, died June 30, 1910. The young man was always of a pleasant disposition and won friends everywhere. In his home community he was well liked by all and the news of his passing has brought sorrow to numberless friends.

Entertained for Bride and Groom

Mr. and Mrs. James Magner entertained a company of friends at a wedding dinner Sunday at their home on North Prairie street, in honor of Miss Mary Anderson and Charles McHattom, who are soon to wed. The marriage is to occur Thursday, June 28, at the Church of Our Savior. An elaborate dinner was served and the occasion was one of very great social pleasure. When the bride's cake was cut Miss Anderson received the ring, Mrs. Clarence Fuller the dime and James Magner the darning needle.

DISCUSS QUESTION

The Hague, June 25.—The British commission headed by Lord Newton has arrived here to discuss with German delegates headed by General Friedrich the question of war prisoners of both countries. The prisoners' camps, reprisals and matters connected with the exchange of interned prisoners over military age, and disabled prisoners will be considered. The Netherlands government will be represented by Baron von Vraden-burich.

WOMEN ARE ECONOMICAL.

A Jacksonville woman living in the fourth ward telephoned the Journal office yesterday that a city garbage collector told her that in a day's search he had collected only part of a barrel. Evidently the women of the city are practicing some of the economy lessons that they have been taught in recent months.

ENGINE TROUBLE STOPS CARS ON STREET RAILWAY

An explosion which took place Sunday afternoon at the plant of the Railway and Light Co., put the Ball engine out of use and stopped the street car service of the city for a time. The load was soon shifted to other units and the traffic resumed.

Miss Edith Hüllerby has returned from Greenfield where she spent several days at the home of Miss Beulah Smith.

WOULD REPATRIATE AMERICANS

Washington, June 25.—Senator Fletcher introduced a bill today for the repatriation of Americans now fighting in the allied armies.

Social Events

Gave Birthday Party.

A merry party of about 50 young people gathered at the home of Mr. and Mrs. Richard Standley, Jr., near Joy Prairie Friday evening in honor of their son, Phillip's twenty-first birthday.

Music and games for which appropriate prizes were awarded occupied the evening.

After refreshments were served by Mrs. Standley assisted by Misses Elsie Cully, Muriel Standley, and Beatrice Standley, the birthday cake was cut. The ring went to Elsie Cully, the key to Mary Black, the button to Rose Henderson, the thimble to Byron Houston and the dime to Phillip Standley.

The guest list included: Misses Pearl Hughes, Sophronia Hughes, Fanny Masters, Mary Black, Rose Henderson, Hazel Ames, Mary Reid, Dorothy Houston, Elsie Cully, Lillie Lind, Edith Hale, Alma Ogle, Edna Ogle, Pearl Dewees, Ruby Dewees, Elsie Dewees, Cattie Newby, Rowena Johnson, Iona Farmer, Mrs. Edna Moore, and Messrs. Joyce Masters, Fred Masters, Chester Thomason, Clyde Black, Paul Black, Harold James, Irl Henderson, Howard McFadden, Lloyd Ogle, Edmund Dinwiddie, Donald Houston, Byron Houston, Samuel Wood, Oscar Smith, Ben Cully, George Balsley, Sam Challiner, Lloyd Moss, Everett Patterson, John Bridgman, Paul Reid, and Phillip Standley.

The young people presented their host with a great many beautiful and useful presents and departed at a late hour wishing him many happy birthdays.

Entertained Friends At Dinner.

Mr. and Mrs. F. M. Smith entertained a number of friends at a sumptuous dinner Sunday. The company included Mr. and Mrs. Will Harney, daughter Lola and sons Roy and Kenneth of Springfield, Mo.; Mrs. L. E. Biggs, daughters Dorothy Lois and Margaret and son John, of Jacksonville; Mr. and Mrs. James High of Cross Roads; Mr. and Mrs. C. W. Winters, daughter Iva and Mabel and son Leo, and Mr. and Mrs. H. C. Smith and son Howard of Woodson and Clyde Smith of Woodson.

LOUISIANA MUNICIPAL LODGE

New Iberia, La., June 25.—With an attendance of mayors and other officials representing all the leading cities of the state, the annual convention of the League of Louisiana municipalities assembled here today. A wide variety of problems relating to municipal progress and welfare are scheduled for discussion during the "one day" sessions.

"TED" LEWIS WINS TITLE

Gayton, O., June 25.—"Ted" Lewis wrestled the welterweight crown from Jack Britton here tonight winning on a decision by Referee Lou Bauman from Cincinnati at the end of 20 rounds. Britton scored a knockdown in the last round, but it did not effect the lead Lewis had won in the earlier part of the title match.

Seward, Alaska, June 25.—The United States grand jury in a report today, asserts that certain federal employees opposing the war are seeking to delay government projects and enterprises in Alaska. The charge has been made that opening of the coal fields was being wilfully delayed. The present finding also apparently covers the United States railroad.

Fifty Years of Safe, Conservative Banking

Elliott State Bank

MORTUARY

Peterson

Mrs. Charles A. Peterson died Monday morning at 1:04 o'clock at the family home, 1341 South Clay avenue. Mrs. Peterson had been ill for an extended period and her death was due to pernicious anemia.

Mrs. Peterson's maiden name was Phina Frosberg and she was born in northern Sweden in February, 1868. Early in life she came with her parents to this country and had been a resident of this community since that time. The deceased was married April 4, 1903, to Charles A. Peterson, and the home established at that time has been maintained here thru the intervening years. The deceased was a member of the Swedish Lutheran church and lived a consistent Christian life. Her death, tho unexpected, has come with crushing force to her near relatives and friends, who have the greatest sympathy at this time of sorrow.

Mrs. Peterson is survived by her husband, one sister, Mrs. Anna Skogberg in Sweden and one brother, Adolph Frosberg and a niece in this county.

The funeral will be held this afternoon at 3 o'clock at the residence with services in charge of Rev. M. L. Pontius and interment will be at Diamond Grove cemetery.

Eads

A letter received Monday by Mrs. John Hughtt told of the death of her brother, George W. Eads, at Ozark, Christian county, Mo. The deceased suffered a paralytic stroke June 5 and a second one a week later, and as a result of the third stroke June 20 came the end of his life. Mr. Eads was born in Jacksonville Feb. 14, 1829, and left here when a boy of sixteen. He was the oldest son of Charnock C. and Mary Ann Eads and is survived by his wife, two brothers and two sisters. The sisters are Mrs. John Hughtt and Mrs. Lula Weakly of this city and the brothers are John T. Eads of Grand Ridge and Jonathan T. of Havana. The deceased visited here in 1875 and is well remembered by many Jacksonville people. He was in the government service during the war of the Rebellion and for eight years afterward was in the regular army serving as a wagon boss. While in the army service he took part in the pursuit of Quantrell, whose guerrilla warfare terrorized the people of Missouri for a long period.

Mr. Eads was a man of strong character and was held in high esteem in the community where he had lived so long. The funeral was held June 21.

McBride

Miss Alice McBride died Sunday forenoon at her home in Chicago after an illness of brief duration, according to word received in the city by Jas. McBride, her brother. The body will arrive here this (Tuesday) morning by the 4:12 o'clock Chicago & Alton train. The funeral will be held Wednesday morning at the Church of Our Savior. A fuller notice will appear at a later time.

Lightfoot

Death came to Joseph Lightfoot Monday evening at 10:15 o'clock at his home in Murrayville. He had been ill for a number of months, suffering from locomotor ataxia. He was just 59 years old and Monday was his birthday. One sister survives, Mrs. S. D. Masters of Indianapolis, Ind. Dr. P. F. Lightfoot father of the deceased, was well known as a physician in the early days.

Funeral announcements will be made later.

FACES SERIOUS CHARGE.

William Mitchell, colored, was in Squire Dyer's court Monday and gave bond of \$1500 for his appearance in court Wednesday at 9 a. m. He is charged with attempt to commit a statutory offense and the complaining witness is Leona Johnston, a waitress at a local hotel. The story is that Mitchell, who has been a porter at the Douglas thru a fake telephone message induced the woman to go to that hotel. The cries of the woman as she was held by Mitchell attracted attention and his arrest followed.

FIND MAN DEAD.

Bloomington, Ill., June 25.—Theodore Felts, aged 45, of this city, former superintendent of the State Hospital at Anna, Ill., was found dead west of this city today beside the interurban tracks. Apoplexy is believed to have been the cause of his death.

RUSS "LIBERTY LOAN" REACHES BILLION AND A HALF

Petrograd, June 25.—Subscriptions to the 2,000,000,000 ruble Russian "Liberty loan" today approached the 1,500,000,000 ruble mark.

INDUSTRIAL WORKERS PLEAD NOT GUILTY

DULUTH, Minn., June 25.—Eighteen industrial workers of the world pleaded not guilty to charges of vagrancy in municipal court today and registered pleas of not guilty to the charges of vagrancy. Fifteen were men and three were women and they were taken in a raid last Saturday on Industrial Workers' of World headquarters or in hotels. Bail could not be furnished by most of the prisoners. Miss Flynn said she would furnish bail for herself.

"The ordinance passed a few hours before our arrest will not stand the light of legal scrutiny," she said. "I was arrested at Patterson, N. J., New York City, Missoula, Mont., Spokane and Philadelphia and always in connection with work of this kind. I have never been convicted."

Mrs. Lester Kinnet and Mrs. Hal Treece of Alexander were among Monday visitors from other places Monday.

Misses Inez and Alma Winter spent a part of last week with their aunt, Mrs. Ralph Megginson and family.

Woodson Christian Aid society will serve dinner at the home of Mr. and Mrs. Edward Craig Thursday, June 28. All friends are cordially invited.

## CONCORD

The Red Cross meeting at the Christian church on Sunday evening was largely attended. Minister C. G. Cantrell presided and after the opening exercises introduced the speaker of the evening, Hon. H. H. Bancroft of Jacksonville, who made a splendid address setting forth the object of the meeting, and the great value of a local red cross society to the community. Mr. Bancroft's address showed careful preparation and was full of patriotic sentiments and was listened to with marked attention. The speaker mentioned the fact that about a year ago he was in Concord on business and little did he think then that in one year's time the country would be at war, and that he would be speaking from the pulpit of this church. His enthusiasm for the red cross was in a large measure transferred to the audience. At the close about 100 names were enrolled and a meeting to organize announced, to be held Tuesday evening at the M. P. church. Special music was furnished by a select union choir. Rev. W. P. Bowman made the opening prayer, and Rev. C. A. Fairchild dismissed the meeting.

Merle Abernathy sang a solo.

Mr. and Mrs. G. W. Rentscher are in Gainesburg, visiting Carl Rentscher and family.

Elias Hatfield of Springfield is visiting his mother, Mrs. Rebecca Hatfield.

Miss Deweese of the Ebenezer neighborhood, visited Miss Irene Valentine and attended church services on Sunday.

Lewis Perbix and daughter Miss Norma of Markham came in their car Friday to call on Mrs. August Brockhouse and "Grandpa" Perbix.

Hubert Wester and wife are now residents of Concord, having moved in on Saturday.

Leland Bartelheim, of Arenzville, was visiting his grandparents, Mr. and Mrs. August Brockhouse on Saturday and Sunday.

Mrs. J. A. Smith who has been seriously ill at the home of her son Melvin, is reported as improving.

Glen Caldwell, R. M. C., was home Sunday to attend the Red Cross meeting on Sunday evening.

Little Lucile Bowe is seriously troubled with boils on her face.

Sunday visitors at August Brockhouse's were Mr. and Mrs. Jacob Buchheit and family of Beardstown, Albert Bartelheim and family of Arenzville, Mr. and Mrs. Henry Brockhouse of Arenzville, and John Walker and family of near Meredosia.

Mr. and Mrs. J. H. Chittick and family, and Mr. and Mrs. Will Sweetman, of Virginia were Sunday visitors at the home of Bert Way in South Concord.

Mrs. Elsie Morris and children, of Arenzville visited Mrs. L. H. Plank some days last week.

Mr. and Mrs. G. W. Nortrup were visiting relatives southwest of here Sunday.

Sam Brockhouse and family were visiting near Merritt on Sunday.

Mr. and Mrs. Elmer Plank visited in Versailles over Sunday.

L. F. Eoff was a Concord visitor over Sunday at the home of Bert Way. Way and Matthews sold a bunch of 50 spring gilts and 4 boars for breeding purposes at a very attractive price, and Mr. Eoff came to attend to the shipment. The pigs were bought unsight, unseen and found to be just as Bert said they were, which is no surprise to anyone who knows Mr. Way. Mr. Way has a splendid reputation as a successful breeder of big type Poles, Ark., on Monday.

John E. Alderson is having his barn reshingled. Tom Stone is doing the work.

## GOOD RETURNS

A short time since it was announced that there would be a benefit at Scott's theater for Passavant hospital and as a result the faithful managers of the enterprise, handed over to Miss Verner yesterday a check for \$100 which speaks well for their industry and devotion. The committee is under obligation to Manager Scott.

## ALEXANDER

A successful ice cream and strawberry social was held Saturday night on the lawn of the Church of the Sacred Heart.

Mrs. L. S. Griffith, who has been visiting at the home of Mrs. Margaret Colwell, her mother, left Saturday for McNabb, Ill., called by the death of an aunt of Mr. Griffith. She expects to return for a second visit before going to her home in Amboy.

Mrs. William Aulabaugh has gone to Springfield for a visit of several days at the home of her mother.

Mr. and Mrs. W. E. Morrow, Mrs. Dorsey and children and Miss Althea Hall were Saturday visitors in Jacksonville.

The M. E. Sunday school will give the Children's day exercises at the church this evening. Pupils of the school have been in training for some time and an excellent program has been prepared.

### CITY COUNCIL HELD REGULAR SESSION

Bond Issue Election Called for July 24—Water Survey Suggests Well Sites.

The city council held a regular session Monday morning. After the usual routine business a resolution was read transferring a surplus of \$4,000 from the bond interest fund to the sinking fund to take up certain bonds of the issue of 1893. An ordinance was given the first reading fixing Tuesday, July 24, as the date for a special election to vote on the proposition of issuance of bonds for the motorization of the fire department and for discharging the balance of the Morrissey shortage. The question of street oiling and sprinkling was mentioned and the statement was made that the council was not opposed to oiling any streets except those in the business district. The council is willing to flush the streets in the business district if the merchants will pay the cost of the work.

The annual report of the city librarian was received and placed on file. Mr. Vasconcellos reported that he had received a blue print from the state water survey designating the points where they suggested that test wells be put down. Three of the suggested sites are near the other wells, one on North Main street and the fifth at the north fork of the Mauvaisterre. The question of sidewalks was presented. On streets where notices were sent last fall a second notice will be given and when it walks are not put down by the property owners, bids will be asked for within ten days by the city. These streets are Lorton, South Sandy, West College, South Diam-

ond, Mathers, South East street, Pine street, North Diamond and East State street. The council adjourned after informal discussion of some other matters.

**REV. MR. MADDEN WILL DRIVE AN OVERLAND**  
Monday Rev. and Mrs. F. B. Madden purchased a five passenger Overland from J. F. Claus. They are expecting a summer of much pleasure.

**RED CROSS COMMITTEE FOR MAPLE GROVE**  
The Sunday afternoon meeting at Maple Grove school in the interest of the red cross was very successful. Messrs. Butler and Green delivered good addresses. Dr. W. H. Weirich and others followed by brief talks.

Monday evening a meeting was held at the home of Dr. and Mrs. Weirich and the following canvassing committee was named: Mrs. Weirich, Mrs. Mary Dickens, Mrs. Frank Ketter, Mrs. William Heller, Mrs. Charles Hackett, Miss Berryman, Mrs. Ralph Crabtree, Miss Ryan, Miss Tillie Goebel, Mrs. McIntire, W. E. Thomson and J. H. Reid.

**CHERRIES**  
Will pay \$1.75 a case for home grown cherries. W. S. Cannon Produce Co.

**IN ARMY Y. M. C. A. WORK**  
Paul Fritchie, formerly secretary of the Jacksonville chamber of commerce, was in the city yesterday visiting old time friends. He has been in charge of the army Y. M. C. A. at Stamford, Conn., and has been transferred to the same work at Ft. Mayer, Washington, D. C.

### PLANS FOR ARENZVILLE CHAUTAUQUA PROGRESS

Excellent Program Assured at This Year's Assembly—Auditorium Tent in Course of Construction—Other Arenzville News Notes.

Arenzville, Ill. June 25.—A new auditorium tent is already in course of the making for the Chautauqua, this year which will excel even the good record of the former year, will be as previously advertised, July 3rd-7th, if bad weather does not intervene.

Miss Lydia Jockel returned to her home at Camp Point after a brief visit in this vicinity.

Julius Kraft, who has employment at Rock Island spent Sunday with home folks.

Mr. and Mrs. J. J. Jostings of Jacksonville motored here Wednesday and called on Rev. Pool.

Mrs. Lydia Re-kamp and daughter visited Ed. Shrewsbury and family of E. St. Louis recently.

Rolla Willey spent Sunday in the southern part of the state.

Rev. Pool was heard with great pleasure at the Presbyterian church. He is regarded as one of the most eloquent preachers and his sermon was especially appreciated.

Bert Long and family and Ross Long and wife and George Saunderson passed by Sunday enroute to Bluff Springs and Beardstown.

Miss Esther Pfeil went to Snyder to visit her brother, George and family.

Mr. and Mrs. Stacy Calven of Jacksonville journeyed here Sunday and visited the latter's sisters, Misses Mary and Lola Schaeffer.

Miss Crevie of Sangamon Valley visited relatives here Sunday.

Mrs. Thomas Lyche is visiting her father, Mr. Dares at Virginia.

Miss Blanche Treadway is a guest of friends at Chapin.

Mrs. Lydia Estell of Kansas is visiting her sister, Mrs. Elie Wood.

Mrs. Charles Zulauf was at Chapin over the week end with relatives.

Miss Lottie Shrewsbury of Springfield was the guest of her uncle, M. B. Shrewsbury and family the past week.

### A PLEASANT GATHERING.

Sunday evening, at the Dunlap House there was a delightful gathering of friends, some of Beardstown and some from Carlville. The latter are special friends of Mr. Brewer who greatly enjoyed the occasion. The Carlville and Beardstown people arranged the meeting by mail and telephone and arrived by automobile during the afternoon, had a fine supper, during which they placed three tables together and had a regular old fashioned good time.

Those present from Carlville were Mr. and Mrs. James Peebles, Don M. Peebles, Miss Pauline Peebles, Mr. and Mrs. James E. McClure, the latter editor of the Carlville Democrat, Misses Harriet, Sadie and Dorothy McClure, Mr. and Mrs. H. M. Minton, Mr. and Mrs. W. E. P. Anderson, Mr. and Mrs. L. E. Ross, Wendell Ross.

The Beardstown visitors were Mr. and Mrs. Lloyd McClure, and son Milton, Mrs. Milton McClure and Miller F. Dunn.

### RELEASE BERKMAN ON \$25,000 BOND

NEW YORK, June 25.—Alexander Berkman, editor of the Blast, indicted here recently with Emma Goldman for conspiracy to obstruct operation of the selective draft law, was released from the Tombs prison today after he had succeeded in obtaining \$25,000 cash bail.

William Bates employed in the office of the Blast who was indicted for failing to register under the federal draft law also was released in \$4,000 cash bail.

Berkman and Miss Goldman will be placed on trial tomorrow in the United States district court.

### STUDENT OFFICERS TO BE SAILORS' GUESTS

FORT SHERIDAN, Ill., June 25.—Col. W. J. Nicholson, his staff and the students in training here will be the guests of Captain W. A. Moffet and Uncle's sailors next Thursday for the celebration of "Navy Day" at the Great Lakes naval training station. Plans are being made today for the five thousand future officers to march from the fort to the training station where they will take an active part in the program. One of the features of the day will be a series of six championship boxing matches between sailors and soldiers.

### WARNING

All persons are warned against the premature celebration of the Fourth of July by discharging firearms, fireworks or fire crackers of any description in the city before the fourth day of July. Violators of the ordinance will be arrested and prosecuted.

George P. Davis, Chief of Police.

### LICENSED TO MARRY

Edward L. Cox, Jacksonville; Nellie M. Sullivan, Jacksonville.

### GEN. SEELEY WOUNDED.

London, June 25.—The Daily Express learns that Brigadier-General J. E. B. Seeley, ex-minister of war, has been accidentally wounded in France. The nature of his injuries is not given.

### THIEF TRACKED BY DOGS AND ARRESTED

Samuel Keys Jailed on Charge of Burglary and Larceny—Stole Horse and Buggy and Quantity of Meat.

Samuel Keys, a colored man who claims Indiana as his home, is in jail and will have his hearing before Squire Dyer today on the charge of burglary and larceny. Monday morning Herbert Challiner, living in the Joy Prairie neighborhood, missed a quantity of hams, bacon and shoulders from his smoke house. He telephoned to Sheriff Graff and to Springfield for the Strumpfer bloodhounds. The dogs were brought over on the 10:30 Wabash train and Sheriff Graff met them at the station. By this time Lee Salter of the neighborhood had made known the loss of a horse and buggy. The buggy had a defective rubber tire and it was easy to follow its track. The thief had nails in his shoes of a peculiar kind and it was therefore easy to follow in his footsteps. The bloodhounds were taken to the Challiner home and soon caught the trail, and the stolen meat was located near a bridge over the Mauvaisterre creek on the Noonan road west of Gravel Springs.

Sheriff Graff, accompanied by Mr. Challiner, made some inquiries in the neighborhood and following information secured, traced the thief to a clump of woods on the Strawn farm near the Spaulding crossing. He was taken into custody by Sheriff Graff and brought to the county jail. When Sheriff Graff searched the man he took an ugly looking knife from him. Later as he was walking along the track he threw away a revolver wrapped in a handkerchief. The sheriff did not detect him doing this but some boys who were following the party along the railroad tracks saw the colored man throw the weapon away. At the jail the sheriff again searched the man and this time found still another knife. He has all the indications of being an old offender.

### WARNING

All persons are warned against the premature celebration of the Fourth of July by discharging firearms, fireworks or fire crackers of any description in the city before the fourth day of July. Violators of the ordinance will be arrested and prosecuted.

George P. Davis, Chief of Police.

### WINCHESTER

The body of Samuel Headen arrived Sunday night from Paragould, Ark., accompanied by Mrs. Blanche Golden of Paragould and Mrs. Thomas Headen of St. Louis. Frank Headen arrived in Winchester Saturday from East St. Louis. T. S. Headen and family of Michigan were here to attend the funeral services as were Frank Headen and L. Headen of Lafayette, Ill. The burial was made in Kincaid cemetery, the Rev. C. E. Brewitt having charge of the rites. Music was furnished by Mr. and Mrs. Brewitt, Harry Stewart, Mrs. Olive Wells and Mrs. Catherine Brengle. The bearers were Oliver and Harry Coultas, Bert, Gabriel and Charles Chrisman and Fred Phillips. Misses Ruth and Georgia Chrisman cared for the flowers.

**HELP A GOOD CAUSE BY GETTING A RED CROSS BUTTON AT HERMAN'S MILLINERY AND READY TO WEAR STORE TODAY.**

### AN UNFORTUNATE ACCIDENT

A few days ago Miss Helen McGhee, daughter of Rev. W. H. McGhee of Murrayville, was at a picnic with some young people when a young man threw an apple which struck her left eye inflicting a serious wound. She came with her mother yesterday to consult an oculist and it is hoped that the night of the member will be saved but it is in a bad condition.

### CROSS COUNTRY TRAVELERS

A plucky lady, Mrs. E. J. Parvis and son Mitchell, the latter some ten or twelve years old, arrived in the city yesterday from Denver in a Maxwell car on their way east. Mrs. Parvis says she travels that way because she prefers it. She had a good lot of baggage along and a handsome white spitz dog. Her objective point is Alliance, Ohio, where she expects to make an extended visit. She visited in Topeka, Joseph, Mo., and other places on the way here and left Jacksonville with sails set and rudder turned for New-castle, Indiana. She told a Journal reporter that it was her second auto-trans-continental trip and from her appearance that mode of travel surely agrees with her. She said she put up at hotels for the night.

### THE BIRTH RECORD

Jacksonville friends have received news of the arrival of a daughter, Helen Elizabeth, at the home of Mr. and Mrs. Clarence H. Day in Los Angeles. Mrs. Day before her marriage was Miss Edna Cline and she was for a number of years a resident of Jacksonville.

### L. O. O. F. BOOSTS RED CROSS

Urania lodge No. 243 L. O. O. F. gave a boost to the Red Cross campaign at a meeting held Monday night. A committee was appointed to urge every member to join the Red Cross work. This committee includes Charles H. Baisley, John H. Scholfield, R. H. Reid, Charles E. Seymour and S. Weir Braner. Several new members were received into the order last night and the lodge made a donation of \$10 to the Red Cross society.

### REAL ESTATE TRANSFERS

### The Life Struggle of Democracy

(By Raymond Robins)

That America entered the war to "save the world for democracy and to fight to the death that power which has enthroned might above right and preferred wealth and power to religion and humanity," was the statement of Raymond Robins at the Red Cross meeting Sunday night.

Mr. Robins has lived a life full of ups and downs and his varied experiences have given him remarkable insight and a breadth of human understanding and sympathy. The director general of the Red Cross recently appointed him to special work in a mission to Russia. He will have charge of the social service work, a line of activity for which Mr. Robins is especially fitted.

**A Time of Crisis.**  
"We are living in a moment of national crisis," said Mr. Robins in beginning his address. "The people of the nation are thinking more seriously than never before in the history of this generation. It is a time for taking stock. We are giving careful scrutiny to ourselves, to other nations, to all the world. As we look out over this sea of trouble and stress we can not fail to feel the necessity for national unity. If there ever was a time when the call should come to lay aside special differences and to join as one in the common cause—that time is now."

**The Need for Men.**  
"The first real need of our country is men. Had I been consulted, personally, I should have preferred to be at the present moment in France, with that most able leader, Theodore Roosevelt. The government has decreed otherwise and it is not for us to question the wisdom of that decision. Of this we can rest assured—any man that gives his best in this great struggle is taking the noblest stand that could come to him in the history of the world."

**Money Is Needed.**  
"The second great need is for money and already I can say that the response has been most gratifying. The three billion dollars so easily raised for the liberty loan is but the beginning of this patriotism of wealth."

**Then, there is the great need for food. We must exert every effort to provide sustenance for ourselves and for our allies. Any man who contributes to the production of con-**

servation of food materials is playing a right part in this great struggle."

**The Spirit of the Red Cross.**  
"The spirit of co-operation which we have found so necessary for the conduct of the struggle is seen to no better advantage than in the Red Cross. There is nowhere to be found a more splendid organization. Where there is need the Red Cross knows no lines of race. It knows no nationality where there is suffering."

**You do well in this time of crisis to support this institution with your best and to think of the noble purpose toward which it is consecrated. In the presence of this transformation nothing shall remain unchanged. Already the eyes of man may see the working out of a great purpose for the good of the world.**

**A New National Unity.**  
"There is gradually developing a new spirit of international unity. The men of the British empire have caught a glimpse of this awakened life. Each element of British life has been thrown into the crucible—labor and capital, art and science, agriculture and industry, man and woman—and there shall emerge a new world, freed from antagonisms and needless prejudice. The world shall never go back to class distinctions. The day of ignorant superiorities are gone forever, wiped out in the blood of the great war."

**There has come to us the end of national isolation. We have taken our place in the council of nations, never to step back, relinquishing forever that policy of 'entangling alliances with none' which was the guardian of an infant republic.**

When the battle has been fought and the victory won—for it shall be won—America shall have taken her place among the free nations of the world, having fought the good fight of democracy against the autocracies of earth."

**I do not want to live in a world dominated by the spirit of the German general staff. Germany, with science developed to an unheard of degree has forgotten humanity, has sloughed off religion and God.**

**A Secret of Success.**  
"The secret of democratic success may be found in the secret of leadership. The formula may be stated in two words, 'range' and 'service'. There can be no real leadership which does not take into account every element in national life. The true leader must be judged from the standpoint of service, what he can do to make the world a better place to live in."

**No one class can furnish a man broad enough to govern fairly the men of all other classes. Lloyd George, a Welshman, sprung from poverty, has treated all squarely, has comprehended the aims and ambitions of all classes and thus has be-**

come the supreme statesman of the modern world.

"When the crisis came and the Asquith ministry fell, Lloyd George formed in seven hours' time a ministry which was able to cope with the besetting problems of the world war. "The hope, then of democracy and of the nations of the modern world, is in the growth of unselfish leaders, men not geared to selfishness. You have to get men with a viewpoint which is neither socially wasteful nor destructive, men with the spirit of service in their lives."

### RED CROSS SUB-STATIONS

The following Red Cross sub-stations have been designated by the membership committee. You can join the Red Cross society at any of these stations today and during succeeding days. ### Children Cry for Fletcher's

# CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Dr. J. C. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

### What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its use is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

### U. S. FACES SHORTAGE IN HORSES AND MULES

Is Belief of Nebraska State Veterinarian—Great Numbers Taken By European Countries. Animals Must Be At Least Four Years Old To Do Heavy Army Work.

Lincoln, Neb., June.—That this state and the whole United States is facing a serious shortage in draft horses and mules is the belief of J. S. Anderson, state veterinarian. Great Britain, Italy and France have already taken one and one-fourth million animals out of this country, and with the United States getting ready for hostilities and requisitioning a quarter million animals as a starter, he fears there will not be enough left for domestic purposes.

It requires horses and mules at least four years old to do heavy work, and the armies of the allied nations will not take them at a younger age, Mr. Anderson explained. An extra year is required for the production of a colt after breeding. This means that breeders who start now to increase the equine product will not be able to achieve substantial results, so far as relieving the prospective shortage is concerned for five years.

Before the war, Mr. Anderson said, the market for horses and mules was limited and the demand did not always come up to the supply. When the war broke out and foreign buyers came to the United States, it was regarded as a golden opportunity to unload the surplus stock at good prices, but breeders as a rule, did not expect the war to last long enough to make any great difference permanently. They supposed the production of horses and mules would keep pace with the demand, and hence there was no special reason for systematically increasing the number of colts.

The state veterinarian suggests that breeders will find it profitable to themselves, and at the same time do their country a service, if they will breed mares in the fall as well as the spring. That is, if foal be secured from breeding this spring, the same mare be bred again in the fall.

Too many, he says, have followed the old custom of breeding for spring colts, which was well enough in the old days when farms were not equipped to care for them during the winter; but nowadays, with good warm barns and other facilities at hand, he thinks colts can be raised more cheaply, and better horses produced from the fall breeding than spring, also the mares will thus be available for farm labor during the crop season.

A class of horses was taken by the European buyers which the growers of this country were glad to get off their hands. The type they preferred was an intermediate one, too large for first class road horses, but not large enough for heavy draft work. The United States government, on the other hand, buys high grade saddle horses and draft horses for army use.

Mr. Anderson said he talked recently with a buyer of horses for the British government, and was told that much of the allies' recent success during recent months has been due to their possession of plenty of horses and mules for moving heavy guns and bringing up supplies. The Germans have been unable to get horses fast enough to take places of those killed in service, he asserted, and as a result have had to abandon many cannon when conducting retreats, many of which guns the allies are using.

### WOMEN MUST AID IN SOLVING WAR PROBLEMS

National Conference of Business Women in Chicago Will Consider Women's Part in Meeting After the War Condition—Pageant is Feature of Program.

Chicago, June.—Parts which women may take in solving present and future problems arising from the war will be discussed at a national conference of business women called for July 12-14 in Chicago by the Women's Association of Commerce. Miss Florence King, president of the association, has announced that more than 250 women have pledged attendance.

"We know that when the war is over there will be gigantic problems in the solution of which women must aid," said Miss King in explaining the objects of the convention. "Lord Northcliffe has said that but for loyal aid from the women of his country the industries of England would be paralyzed. This is the psychological moment for American business women to plan their work."

Part of the convention program calls for demonstrations of women's ability in various lines of effort and achievement. The supplement to this is being arranged a pageant which will be presented on a revolving stage at the American League baseball park under the direction of Mrs. S. Ella Wood Dean.

The story of the pageant has been written by Miss Meta Wellers and will involve the appearance of characters representing historical women of America.

Mrs. James Kimball has returned to Chicago after a visit with her aunt, Mrs. Caldwell, on West College street. Mrs. Kimball was formerly Miss Lona Lewis.

### LABOR LEADER ATTACKS FOOD SITUATION

President of Miners Federation of Great Britain Criticizes Men Who Hold Back Foodstuffs and Make Profits from Poor.

London, June.—Robert Smilie, President of the Miners' Federation of Great Britain, often described as the most powerful labor leader in the United Kingdom, attracted attention to himself recently by making a violent speech at Newcastle in which he attacked the food situation in this country. The miners' Federation is the largest single trade union in the country with a membership of more than a million men.

Smilie attacked the men who, he said, are holding back foodstuffs and making profits out of the poor. The Russian revolution, he said, took place owing to shortage of food, and he did not believe that the people of this country would see their children starve while there was food in the country.

Smilie lives at Larkhall, in Scotland. He was mining in Lanarkshire as a boy forty years ago, and has lived all his life in Scotland. In 1886 he was appointed secretary to one of the branches of the Scottish Miners' Unions, and became its president in 1894, passing on to the presidency of the larger body in 1912. He was the real leader of the great coal strike in 1911-12. He has been several times elected for member of parliament for which he was a candidate under the banner of the Independent Labor Party.

Germans Buried in English Cemetery. Folkestone, Eng., June.—In a Folkestone cemetery where the majority of the victims of the German aeroplane raid of May 25 were buried there is a large monument over the graves of German sailors buried there 39 years ago. The monument was erected at the expense of the German government.

The sailors belonged to the crew of the German ironclad Grosser Kurfurst, which sank in collision with the Konig Wilhelm near Folkestone. The victims were buried in batches, as their bodies were recovered, with full naval and military honors, and tributes paid by the townspeople to the German dead. To show his appreciation for the hospitable treatment accorded the survivors of the disaster, the German Emperor, William I, the present Emperor's grandfather, sent to the Vicar of Folkestone a splendidly bound Bible for use in the parish church.

The fishermen of Folkestone rescued many Germans at the time of the disaster, which caused the loss of 284 lives, and the Emperor presented several gold watches bearing the Imperial arms in recognition of the gallant services of the rescuers.

Historic House to Be Preserved. Westerham, England, June.—Quebec House, the home of General Wolfe, hero of Quebec, which before the war was one of the show places about London for American and Canadian tourists, has passed from control of the Canadian government to the National Trust, a semi-official body which aims to preserve historic landmarks.

The home was purchased in 1913 by the late J. B. Learmont of Montreal, who wanted to maintain it as a public monument. He died before his plans could be completed but his heirs conveyed it to the Canadian government. Owing to the difficulty of administering a trust so distant, that government preferred that the property should be vested in an English body.

The house contains a collection of specimens of the native work of Canadian Indians and of pictures and prints illustrating the progress of the dominion. Wolfe was not born in the house but at a house close by which still exists. He spent most of his childhood days at Quebec House.

National Service Figures Given. London, June.—It has cost the government about \$50 for every man it has placed on work of national importance, according to figures given in the house of Commons the other day on the results of the National Service scheme.

Of the 307,000 volunteers, a total of the ministry of labor explained that approximately 130,000 were munition workers, or otherwise not available for other employment than that in which they were engaged.

### TOURISTS FROM CALIFORNIA

Mr. and Mrs. Lester Cooper and Carl V. Cooper of South Pasadena, California, arrived in the city yesterday morning in a Franklin car on an extensive tour through the country generally. They had a camping outfit and were roughing it as they went and report a fine time. They had been visiting relatives at Manchester since Thursday morning and had a very enjoyable time there. They arrived in the vicinity of the town most too late to find anybody awake so they camped by the road an called on their friends next morning much to the surprise of the latter.

Carl Cooper owns a farm C. S. Hillierby sold when he left the Pacific coast and the company made that gentleman a pleasant call on their way through the city. They intended to make Galesburg their next stopping place when they left the city. They expected to be away from home till early fall.

LOST HIS TIE. A well known young gentleman of this city went to Concord Sunday and thought he would go down to the Q reservoir and take a swim. He doffed his apparel, hung an attractive tie on the limb of a tree and entered the water. While he was having a fine swim a mule came along and noting the gaudy necktie thought it must taste as good as it looked and proceeded to chew it and before the owner could get to it the predatory beast had finished the tie.

J. L. Thurston of Murrayville spent Sunday in the city.

### THE FOURTH OF JULY CELEBRATION

Children's Program Assured and Fireworks Now Contemplated

More and more it is becoming apparent that the people want a celebration of the nation's birthday. While the land is interested in the great conflict it is not yet to have too much of the customary regimens overlooked or omitted in business matters and other directions. Those advocating the celebration say they feel that it is a feature of Jacksonville, an asset, and should not be omitted. A good beginning toward the necessary expenses has been made and it is the hope of the promoters to carry it thru.

The children's program cannot fail to be of interest and it is the desire to have a Red Cross feature also during the day, such an arrangement to be designated by the managers of that organization. It would be especially appropriate if that could be brought about and would leave little to be desired for a day and evening bill. The matter has been laid before the officers of the Red Cross organization and it is earnestly hoped that something will be done by them.

As has already been stated, arrangements will be made for dressing places for boys and girls if they care to use them for change of garments for swimming purposes. Everything possible will be done to make the day a pleasure to all.

Mrs. Elizabeth Johnson has returned from Terre Haute where she has been for a time getting acquainted with her new grand daughter, Helen Frances Johnson.

## FRENCH AND ENGLISH UNITE IN PAYING TRIBUTE TO AMERICAN GENIUS OF THE PRESENT DAY

Former East St. Louis  
Policeman and Wife  
Deeply Grateful to  
Makers of Tanlac

### BOTH LAUD MEDICINE

Mr. and Mrs. Adal Robinson Declare They're Always Glad to Recommend It.

"We're glad to be Americans—glad to live in a country boasting of genius like that which gave Tanlac to the world."

One can hardly imagine a more sincere and truly convincing statement than the above, coming from Mr. and Mrs. Adal Robinson, prominent and well known East St. Louis residents of 626 Trendley avenue.

Although of French and English birth, Mr. and Mrs. Robinson have spent the better part of their lives in this country and their long residence in East St. Louis has gained for them the confidence and respect of countless friends in that city and St. Louis as well. A member of the East St. Louis police force for nearly twenty years, until recently, when he was placed on the retired list, Mr. Robinson became known to thousands. Efficient services rendered in this position have won him the high esteem of almost every East Side resident. At the request of city officials, Mr. Robinson recently accepted the position as watchman of the City Park, in which capacity he is now serving.

But of their many friends, Mr. and Mrs. Robinson regard Tanlac as the best and truest of all.

"Some people say, 'what is home without a baby?' but with us it is, 'what is health and home without Tanlac?'" Mrs. Robinson recently declared. Continuing she described her experience with the Master Medicine as follows:

"I have suffered from liver trouble

Former East St. Louis Policeman and Wife Who Regard Tanlac as the Best and Truest of All Their Friends.

for six years, but it has seemed like fifty to me. Terrible pains in my side have caused me no end of trouble all that time. I frequently suffered severe pains in my ears and over my eyes, too. My side ached so badly at times that I could hardly stand up. I was often bothered with constipation and could find nothing to relieve it. My complexion was very bad and I certainly looked the part of a sick woman.

"So many people had told me of Tanlac's good work I finally became convinced of its merits and bought a bottle. Well, sir, to that one bottle of Tanlac I attribute my present good health. The pains have entirely disappeared from my side and the aches in my ears and over my eyes never bother me any more. I have a rosy, healthy complexion now."

"I certainly hope everyone will believe me when I say that Tanlac has given me the first relief I've enjoyed in the last six years. If they will only weigh this fact in their minds I'm sure all will begin the use of Tanlac."

Mr. Robinson, who is 71 years old,

began taking Tanlac after his wife's remarkable relief, but he is no less enthusiastic in his praise of the Master Medicine. He said:

"For a long time my stomach had been in such bad condition I could find nothing that would agree with me. Invariably after meals, gas would form in my stomach and I'd feel terribly bloated. Sometimes a lump seemed to form in my chest after eating. A soreness and pains across my back which bothered me especially at night caused my rest to be broken and unsatisfactory."

"About the easiest way that I can describe my relief through Tanlac is that the 'Master Medicine' completely 'knocked out' my stomach trouble. Why, I can eat most anything I want now and the food digests and agrees with me perfectly. The gas formations, bloating and lumpy feeling have all ceased to bother me after meals. The pains across my back have about vanished, also."

"Tanalac is surely a great medicine and my wife and I stand ready at any time to give the new preparation the heartiest of recommendations."

RED SOX DIVIDE TWO  
WITH WASHINGTON

SENATORS WIN FIRST BY A 4 TO 0 SCORE.

Washington Overtakes Boston in Second but a Pass to Hoblitzell and a Three Bagger by Gardner Sends the Winning Run Over for Red Sox in Eighth.

Boston, June 25.—Boston and Washington divided double header here today, Washington winning the first game by four to nothing and the local team the second by 4 to 3. Harper pitched well for the visitors up to the seventh inning of the first game, when he became wild and filled the bases. Gallia relieved him and retired the Boston side. In the second game Washington overtook the Red Sox who started with three runs in the first inning and it was not until the eighth that a pass to Hoblitzell and a three bagger by Gardner sent over the winning run for Boston. The home team made six hits in the two games.

Cleveland .002 023 11x—9 13 3  
Batteries—Davenport, Park and Severoid; Coveleskie and O'Neill.

Right now it appears that each of the eight teams of the International league has at least an outside chance for the pennant. The second division teams are still in the hunt and likely to break thru at any time.

Despite the lack of heavy hitters, the Phillies have held their own so far with the best in the National league. If the Phils don't hit a lick it's still some job for their opponents to get by Moran's pitching staff.

## TRY IT AND SEE!

Lift your corns or calluses off  
with fingers! Doesn't  
hurt a bit!

A noted Cincinnati chemist discovered a new ether compound and called it freezone and it now can be had in tiny bottles as here shown for a few cents from any drug store.  
You simply apply a few drops of freezone upon a tender corn or painful callus and instantly the soreness disappears. Then shortly you will find the corn or callus so loose that you can just lift it off with the fingers.  
No pain, not a bit of soreness, either when applying freezone or afterwards and it doesn't even irritate skin.  
Hard corns, soft corns or corns between the toes, also toughened calluses just shrivel up and lift off so easy. It is wonderful! Seems magical. It works like a charm. Genuine freezone has a yellow label. Do not accept any except with the yellow label. Adv.

ALEXANDER WON  
FROM SPRINGFIELD

Ball Game Sunday Resulted in Close Score of 6 to 5 for Morgan County Men.

In a closely contested game between the Springfield Merchants and the Alexander ball team Sunday, the Alexander boys came out victorious by the close score of 6 to 5. The Alexander boys should have won by a larger margin, had the umpire given them a fair decision on the close plays. The Alexander team will play the Springfield Bunnies at Alexander next Sunday, and the St. Joseph's Athletics the following Sunday. The score:

Inland Empire Patriotic tennis tournament opens at 'pokane, Wash.

Alameda County championship tennis tournament opens at Berkeley, Cal.

The fact that nearly every one of his Cubs had been given the gate by another major league club at one time or another has cut no figure with Manager Fred Mitchell. The present boss of the Cubs has gone right ahead with the material at hand and has developed a great pastime.

Opinion seems to be divided as to whether Jim Thorpe will be able to stick with the majors as a member of the Reds. The celebrated Indian athlete has had several trials in fast company, but heretofore has failed to make the big time.

Connie Mack broke up his \$100,000 infield, 'tis true, but he kept McGinnis, the only member who is hitting in the .300 set today.

BROOKLYN TAKES TWO  
GAMES FROM BRAVES

MASSEY'S ERROR IN NINTH  
LOSES FIRST

Cheney Proves Invincible After First Inning of Second Game While Champs Hit Tyler Steadily—Daubert Injures Leg Slightly in First Game.

Brooklyn, June 25.—Brooklyn took another double header from Boston here today, winning 3 to 2 and 4 to 2. Rudolph was hit hard in the first game, but his defeat was due to an error by Massey in the ninth inning. In the second game Cheney was invincible after the first inning while the champs hit Tyler steadily.  
Daubert injured his leg slightly in the first contest and was relieved for the day by Johnston. Players Stengel and Smith were ordered off the field for objecting to decisions.

First Game

Philadelphia, 2; New York, 0.  
Philadelphia, June 25.—Philadelphia not only defeated New York 2 to 0 today but also took first place in the race from the visitors. Rixey allowed only two singles, one of which was due to Robertson's fast running on an infield grounder and gave only one base on balls. No New York player got past first base. He was accorded perfect support. Anderson was effective, except in the second and third innings. Burns' one hand diving catch of Whitted's drive was the most spectacular of several great fielding plays.

PASSENGER TRAIN SERVICE  
REDUCED

Boston, Mass., June 25.—Leading railroads of New England today put into effect new schedules providing for an approximate reduction of 20 per cent in their passenger train service. It is said that the reductions are prompted not so much by reasons of financial saving as to conserve to the fullest the road's resources in order to meet emergency conditions arising from the war. Train service on non-paying branches has been cut nearly in half and excursion trains will not be operated at all. The passenger crews relieved by the changes will be transferred to the freight service and otherwise used in the places of employees recruited in New England to fill the companies of railroad men for service in France.

The playground of the Cincinnati Reds has been a jinx to several past-timers this season. Maranville of the Braves, Pitcher Schneider of the Reds and McCarty, the Giants' backstop, have been severely injured while playing in Cincinnati.

Captain Eddie Collins of the White Sox says the best youngsters past-timing in the American league are Rice of Washington, Sisler of St. Louis and Risberg of Chicago.

**Juice of Lemons!**  
How to Make Skin  
White and Beautiful

At the cost of a small jar of ordinary cold cream one can prepare a full quart of lemon lotion and massage the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothener and beautifier.  
Just try it. Get three ounces of orchard white at any pharmacy and make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, arms and hands. It should naturally bring out the roses and beauty of any skin. It is truly marvelous to smoothen rough, red hands. — Adv.

## MR. AUTO OWNER!

Why throw your old auto tires away when they are good for 2500 to 6500 more miles.

My method of taking two old tires and making one good one is saving thousands of auto owners from 50 to 75 per cent on their bills.

Send me two old tires and I will make one good tire that you can get from 2500 to 6500 more miles out of. In sending me tires be sure one has a good rim no matter how bad the tread is worn. For the other one that has a good tread no matter what condition rim is in.

If You Haven't a Tire with a Good Tread I Can Furnish You One

## PRICES FOR DOUBLE TREADING

SIZE	When you furnish both tires	When You Furnish one tire	SIZE	When you furnish both tires	When You Furnish one tire
20 x 3	\$2.25	\$4.00	35 x 4	\$3.25	\$6.25
30 x 3 1/2	2.50	4.25	36 x 4	2.50	6.50
31 x 3 1/2	2.50	4.50	34 x 4 1/2	3.50	6.50
32 x 3 1/2	2.75	4.75	35 x 4 1/2	3.75	7.00
34 x 3 1/2	3.00	5.25	36 x 4 1/2	3.75	7.00
32 x 4	3.00	5.50	37 x 4 1/2	4.00	7.50
33 x 4	3.25	6.00	37 x 5	4.00	8.00

Where a tire is blown out an additional charge of 50 cents is made. Patches necessary in a tire, an added charge of 35 cents for each 10 inch patch.

Tires sent to me should be prepaid as I pay no transportation charges either way.

## Cold Settled In His Back

"Foley Kidney Pills always give me prompt relief," Ed Veltan, Rogers, Neb., writes: "I have used Foley Kidney Pills for backache, the result of catching cold which settled in my back. Foley Kidney Pills always give me prompt relief and I can cheerfully recommend them."

The reason Foley Kidney Pills act so satisfactorily is because they neutralize and dissolve the poisonous waste matter that remains in the blood because the kidneys do not do their work properly in filtering and casting out from the system uric acid and other poisons.

Relief usually follows in a few days and such symptoms as pain in the sides or back, stiff joints, sore muscles, rheumatism, too frequent action of the bladder at night, and other painful and annoying ailments disappear. Foley Kidney Pills contain no harmful ingredients. They are safe as well as quick acting.

## YOUNG CHINAMAN PROFICIENT STUDENT

Thian Kitt Linn Visitor in City—  
Has Interesting Record.

Thian Kitt Linn, an interesting young man fresh from the university of Illinois, is in the city visiting Misses Jennie Grassly and Olive Blunt. The young gentleman has a truly interesting history and is very worthy.

His father was a lumber merchant with two homes and two branches, one in Canton, China, and one in Bangkok, Siam, and it was in the latter place that the son referred to was born in 1888. The father died in 1912 leaving his family only moderately well provided for. The son went to school in Bangkok when he was young and at the age of fifteen he went to Singapore where he studied for a time and then moved on to Tokyo, Japan. It was while he was there that Miss Olive Blunt, whose noble missionary career is so well known to her numerous friends here, saw the young man and induced him to come to America with her and to Jacksonville. He did so and for some months attended the business college and at that time, while Miss Grassly had a class of Chinese young men in the Central Christian church Sunday school, young Linn acted as interpreter and made a pleasant acquaintance with the young lady and ever since has remembered her and his good benefactress, Miss Blunt, with most kindly feeling. He has been a very industrious student at the state university at Urbana for a number of years and has made great proficiency. Most of the time he has worked his way and has studied twelve months a year.

He has graduated from the College of Commerce and Business Administration and stood high in his classes. He is an excellent linguist speaking his native Chinese, also Malay, Siamese, English and has studied four years in German and one in French.

While in his native land he was greatly assisted by an older brother who was later chosen as one of the leading supporters of and workers for Dr. Sun Yat Sen in the revolution of 1911-12 when the republic was organized. The brother was made governor of Hainan which place he afterward resigned and was party chief and elected to the Chinese parliament in 1913 from Hainan. A year later the parliament was abolished by Yuan Shi Ka and the brother returned to Hainan and started a paper which he had once conducted and which had suspended by order of Yuan Shi Ka because he had espoused the cause of Dr. Sun Yat Sen. After young Mr. Linn had seen in this country some years he went back to China for a while and while there and on his way to Peking he saw at Shanghai the assassination of Dr. Sun who was the principal leader of the new republican party and was to have been premier in the new regime. The act was doubtless regarded as prompted by Yuan Shi Ka or his followers. The act caused a great commotion and led to the second revolution.

Mr. Linn returned to America and completed his course at the Illinois university and expects to leave this evening or tomorrow morning for his long journey to Bangkok where he will devote himself to the welfare and uplift of his people, the care of his mother, widowed sister and two children and three children of his dead brother and their mother.

### MANCHESTER

Mrs. Jessie Nolke and little daughters Corine and Delores, of Chicago are visiting at the home of Mr. and Mrs. G. D. Barnes.

Marie Smith of Waverly is visiting with Mr. and Mrs. C. N. Boyles.

Mr. and Mrs. Lester Cooper and Carl Cooper of South Pasadena, California, who have made an extensive trip by automobile thru the east are visiting with Mr. and Mrs. Robert Cooper and family. They will make the return trip to their home in California by automobile.

Miss Mary Cooper of Des Plaines spent Sunday with her parents, Mr. and Mrs. Robert Cooper and family.

Friends of Miss Lela Stone will be glad to know she has accepted a position as third grade teacher in the White Hall schools. Miss Stone taught five successful years in the Manchester school and made many warm friends while here.

F. S. Pearce of Ashland spent Sunday with his parents, Mr. and Mrs. W. C. Pearce and family.

Mrs. Josephine Rochester and little grandson, Millard Murray, spent Sunday with Thomas Murray and family near White Hall.

Miss Ada Matthews went to Granite City Sunday to visit her sister, Mrs. Grace Lawson and family.

Mr. and Mrs. John Wilson and family of Glasgow vicinity spent Sunday with Mrs. Martha Story and Morgan Story.

### GRIGGSVILLE

Mrs. Hattie Williams left today for her home in St. Paul after a two months visit with her mother, Mrs. Sarah Hawkins.

Dudley Butterfield visited his brother, Donald in Jacksonville last week. The latter is a patient in a hospital there suffering with a broken limb. His mother Mrs. Arthur Butterfield remains with him.

Mr. and Mrs. Edward Spiker are moving to the Newman property.

Mrs. Ellen Riggs and little daughter of Rockport are visiting her parents, Mr. and Mrs. James Birchard.

Mrs. E. Festler spent Sunday with friends in Jacksonville.

Miss Elsie Wassel visited Mrs. Fred Davis south of town several days last week and both visited friends in Pittsfield.

Fred O. May, Frank Arthur, Miss Genevieve Arthur and Frank Crawford rode to Springfield in Mr. Crawford's Hupmobile car Sunday.

## We Are at War

(By Ex-Gov. Richard Yates)

We are at war; not as in 1776 with England reluctantly pitted against us against the protests of such men as Edmund Burke, who wanted, as many thousands of real Englishmen did, to compromise America and not fight. No, we now face a united foe, a nation, a whole people, melted and welded together, and fighting as one man.

We are at war; not with Mexico, led by Santa Anna. We are at war; not with Spain or Aguinaldo. We are at war; not with an American Confederacy with an army of volunteers suddenly called out and as green and raw as our own. We are not at war with the Seminoles, or the Creeks, or Apaches, or the Modocs, or Geronimo, or Sitting Bull.

We are at war; with the warriors of the world—the warriors of the most advanced age of this world—the warriors of the most scientific nation of the most inventive and resourceful age. The warriors we must meet are led by rulers not only as tyrannical as they are fanatical, but possessed by the idea that they must conquer even as their predecessors did—must go from conquest to conquest because one ancestor of the present Kaiser added Poland to the Prussian realm and another added East Prussia and another added Silesia and another added Schleswig-Holstein and another added Alsace and Lorraine. These Prussian potentates believed they were divinely ordained seven hundred years ago, in the days of the first great elector, to subdue all Germany and German speaking races and all peoples that may be made tributary thereto. The Prussians not Germans but Prussians—have actually subdued all Germans; today they dictate also to Austria and to Turkey and to Bulgaria and to some people in Russia, including possibly the czar. If we can believe some of the things now said about that much criticized individual.

Do you realize that the warriors we must fight nearly accomplished their purpose? Not only are they supreme in Germany, Austria, Turkey and Bulgaria, not only did they overrun Serbia and Rumania, Montenegro and Belgium but they drove the Allies away from Gallipoli and the Hellespont or they threatened Egypt. They flitted with Russia and were ready to flit with Mexico and Japan. And they almost swept all commerce from the seas.

Seven hundred years of slavish obedience to war lords, of groveling devotion to militarism, made a government prepared and trained for war, armed to the teeth, hungry for conquest, and thirsty for blood. They have used their German poetry and music and human kindness and subverting and distorting all the achievements of German philosophy and philanthropy, and art and science; nay, more, enslaving and impressing that very ability in philosophy and chemistry and physics and mathematics and generally, until Germany is as efficient in a thousand things, as, for example, the microbe that causes the death in gunnery and munitions. To be at war with such a power is no idle or frivolous thing.

### CLARK FUNERAL HELD AT BLUFFS SUNDAY

Services Short and Impressive in Charge of Rev. C. H. Smith—  
Other Bluffs News Notes.

Bluffs, June 25.—The funeral of S. R. Clark was held at the M. P. church Sunday in the presence of a large number of friends, the Rev. C. H. Smith officiating. The services were short and impressive. The deceased came to Bluffs when a young man and the greater part of his active and useful life has been spent here where he had the respect and esteem of all who knew him. At the close of the services the order of A. F. & A. M., Chapter 846 of this place assisted by Judge Funk of Winchester took charge of the body and burial.

S. R. Clark, who was taken to the hospital at Decatur for treatment Tuesday of last week died at 1 a. m. Friday, June 22nd, and was brought to Bluffs Friday evening. Deceased was born in Sanborn, N. H., Feb. 2, 1833 and was at the time of death 84 years, 4 months and 20 days old. At the age of 14 years he took up railroad work and continued in the service until his final illness, which was of three weeks duration, came upon him.

At the age of 19 years he was an engineer and could give an accurate description of the crude engines in use at that time. Later he had charge of the car shops in Hannibal, Mo., and was also master mechanic in McGregor, Ia.

For a number of years he was foreman of the round house at this point and at the time of death was time keeper and did other office work.

He was an active member of the following lodges: B. of L. E., I. O. O. F., Rebekahs, and the Masonic lodges. The last order he had been a member of for more than 50 years. His wife preceded him in death in 1906. One son, Frank, died in infancy. He is survived by one son, Fred Clark, of Venette, Ill. Funeral services will be held at 2:30 p. m. at the M. P. church Sunday, Rev. C. H. Smith officiating. Burial will take place at the Green cemetery.

Mr. and Mrs. Fred Clark were called here by the illness and death of the former's father, Fred Clark.

Mrs. Margaret Pine of Naples moved into town Thursday into the Mrs. Mertie Sawyers property which she recently purchased. The building is a modern six room cottage and is practically new, being built a few years ago by Rev. A. J. Christy.

Dr. Jesse Long of Minneapolis, Minn., was united in marriage to Mrs. Agnes Stewart of Canyon City, Col., Wednesday of last week. The ceremony took place in Denver, Colo. Both are well known by the older citizens here as they were former residents of the vicinity of Exeter, their childhood home.

Miss Minnie Allen has returned from Mt. Sterling where she spent last week with friends.

Mrs. C. Stewart of Jacksonville is spending the week with her son, Clayton, south of Exeter.

George Gelsendorfer, who with his son, Harry, is conducting the meat market here has removed his family over from Pittsfield and are occupying the property recently vacated by Mrs. George Mathews.

Erich Nortrup, popular farmer north of town was united in marriage Sunday evening at 5 p. m. at the parsonage at Neelys to Miss Anna Botterbusch, second daughter of Mr. and Mrs. Wm. Botterbusch, Sr., prominent farmers south of town. The ceremony was said by Rev. J. Adv.

ous thing. It means, as Governor Lowden has said, "To be altogether at war." Not at war on the theory of hurt the enemy as little as possible. The Governor is right; we must be altogether at war; you must at war; we must all be at war, you are at war, every single, solitary soul among you. With all our minds and hearts, and souls, and spirits, let us realize this; let us realize we are at war. Let us show to the embattled world the way we fight. We for whom the great Washington warred and the great Lincoln died.

Soldiers, farmers, mechanics, bankers, and women, let us all fight. Gunner with his gun; farmer with his farm, mechanic with his machine, banker with his bank, and yes, you, too, women of America, you, too, with all your charms, all your delicacy, all your daintiness, all your refinement and sweetness, all your gentleness and tenderness, all your endurance and patience and persistence, even to the end, there is a place for all in the fight which America is about to put upon and over this old world of ours. Can we do it? Can we win? With Russia almost collapsing, with Italy unable to get past the moon shot, with Japan not yet furnishing a man, with England sending four sons out of every family—for example, of mine—with France, dainty, delicate, sensitive, artistic, glory covered, valor crowned, calling out her boys of seventeen—can we so help that democracy can win? Yes, we can.

In three years we have learned how to make shot and shell, bullets, machine guns, bombs and torpedoes, rifles and cannons, also grenades and gases, aeroplanes and submarines, tractors and motor tanks, ambulances and war machines, also saddles and harness, caps and shoes, coats and overcoats, knapsacks and haversacks, and we have put to work as many men and women making munitions and equipment as Germany ever had. Can we furnish men? Yes, we can and we will.

We can and we will put into uniform five million Americans. Out of twenty-five million males between sixteen and sixty we can and will enroll and enlist five million. Why not? It is only a matter of time before it is over and so will you, you men of fifty to sixty. And with God's help, we will win, and free the world from slavery to kings.

In 1776 our grandfathers made us free from kneeling to a king beyond the sea—from hence to the present we have been tyrannical; in 1861 our fathers said no slave shall ever cringe or bow inside our borders; in 1898 our brothers said murder and outrage and savage barbarism and the deliberate stamping out of a whole Cuban people would not be tolerated in a foreign land so near to us as Cuba. Our commonwealth will not be content to be supreme, content with the freedom won in 1776, content with the union won in 1861, will never be content until by really helping the democracies of the world, it helps to end the death knell of the world wide murder-power of kings.

Deterring, pastor of the German Lutheran church at Neelys. Both are popular young people here and their many friends extend their heartiest congratulations. They will reside on a farm near town.

Miss Lena Kappel of Meredosia spent last week with friend in town.

A Red Cross mass meeting will be held at Meehans theatre Tuesday evening, June 26, for the citizens of Bluffs, and the north end of Scott county.

A special Red Cross meeting will be held at Meehan's theatre Monday evening and all of the officers of the various lodges and women's clubs are urged to be present. The purpose of this meeting is to interest the members in the Red Cross work.

Mrs. Walter Arundel was thrown against the top brace of the auto in which she was riding Sunday afternoon, two miles east of Jacksonville and her nose badly cut. Dr. Dismore dressed her injuries and took five stitches in her nose. The accident occurred while rapidly crossing a small bridge. She is getting along nicely.

Thomas Story of Murrayville was attending to his interests in the city yesterday.

### EXECUTOR'S NOTICE

Estate of William Nunes, Deceased.

The undersigned having been appointed Executor of the last Will and Testament of William Nunes late of the County of Morgan and State of Illinois, hereby give notice that they will appear before the County Court of Morgan County, at the Court House, in Jacksonville, at the August Term, on the first Monday in August next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having the same adjusted.

All parties indebted to said estate are requested to make immediate payment to the undersigned.

Dated this 11th day of June A. D. 1917.

JOHN E. JONES,  
SAMUEL NUNES,  
Executors.

### Taking Cathartics Every Day for Weeks Don't Cure Stomach Trouble

They do not eliminate the poisonous bile accretions from the system, so declares a leading Chicago stomach specialist. Often gall stones, cancer and ulcers of the stomach and intestines, auto intoxication, yellow jaundice, appendicitis and other dangerous ailments are the consequences. May's Wonderful Remedy is the ideal prescription for stomach, liver and intestinal ailments. It has restored millions. One dose will prove that it will help you. May's Wonderful Remedy is for sale by Grover and Shreve East Side Drug Store and druggists everywhere.—Adv.

### LIGHT-HEARTED WOMEN

A cheerful, light-hearted woman is the joy of a man's life. Beauty will fade, a good figure will change, but the charm of health and cheerfulness will endure to the end. But how can a woman be cheerful and happy when dragged down by some female derangement, with a headache, headache, and often on the verge of a nervous breakdown.

Lydia E. Pinkham's Vegetable Compound is the standard remedy for such ailments. During the last 40 years thousands of homes have been made happy by this woman's great remedy for woman's ills.—Adv.

## SWISS PRESS PRESENTS PECULIAR PROBLEM

among the business men of the city yesterday.

Following the death of her husband Mrs. Carr has made her home among her children with the exception of a few years, during which she resided with her sister, Mrs. Sarah Higbee, in White Hall and Oddhouse. Practically all of the last five years have been spent with her daughter, Mrs. Cox, in LaSalle. She was a great traveler, was a companionable sister, Mrs. Higbee, and her friends have several times been to California and back in the later years of their lives.

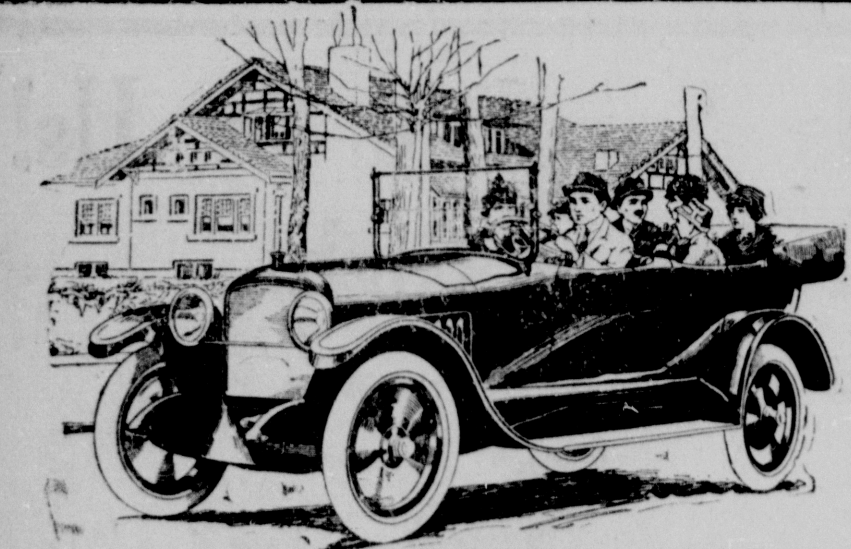

During her lifetime the greatest achievements in the history of mankind have been recorded and put into practical use, and she has enjoyed this wonderful progress with

**20 for 10¢**

Fred I. Gibson, 309 Woodland Place Jacksonville, says: "I had a spell of the grip and it seemed to settle on my kidneys. When I got the least cold, after that, I had a dull pain in the small of my back. I felt all played out and had but little energy. I used Doan's Kidney Pills, procured at Armstrong's Drug Store, and they gave me great relief. Since then when I have felt the least return of the trouble I have taken a few doses of Doan's Kidney Pills and they have soon made me feel all right again."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Dr. Gibson uses. Foster-Milburn Co., Props., Buffalo, N. Y.

**CLASSIFIED ADVERTISING RATES**  
In Daily, first insertion one cent a  
word, subsequent consecutive insertions  
one-half a cent a word. If ads are or-  
dered to run one month or more without  
change, the cost will be ten cents per  
word per month. No advertisements to  
count as less than ten words; and other  
than consecutive insertions at the one  
time rate.

The Business Office is open each week  
day evening and until noon Sunday for  
the accommodation of want ad patrons.  
Terms on Want Ads Cash in advance.  
**SPECIAL NOTICE**  
In answering "keyed" or "blind" ads  
in the Journal, such as "A. B. C." or  
Journal, either mail or bring your reply  
to the Journal office, where parties ad-  
dressed will call for your answer. The  
names and addresses of parties placing  
"blind" ads in this paper will not be  
given out—you must reply in writing  
only.

**ADS TAKEN OVER TELEPHONE**  
The Journal will take Want Ads over  
the phone as an accommodation to our  
subscribers with the understanding that  
collection can be made for the same the  
next day. If you phone a Want Ad in  
today the collector will call to collect  
tomorrow. The Journal cannot be re-  
sponsible for errors in ads taken over the  
phone. Advertiser can have ad repeated  
back over the phone on telephone orders.

## NEW PERFECTION OIL COOK STOVE

**With the Long Blue Chimney**

Bakes your cakes evenly. You turn the flame high and make an omelet in ten minutes or—very low and bake a roast for hours. The heat stays at just the temperature you like. You don't need to watch it.

Hot bread in the morning. That's the time you will like the New Perfection. The oven takes ten minutes to heat through. Hot rolls for breakfast or bake your bacon. Don't make an extra big fire as on a coal or wood range, and wait, and wait for it to heat.

Turn it right off when you are through. Saturday baking doesn't heat the kitchen. The long blue chimney concentrates the heat. Keeps you cool and the dinner boiling. It keeps an even temperature; it keeps clean and the kitchen clean. It keeps fuel cost down, too. Saves one-third. Easy to fill; easy to light; easy to rewick.

Look for triangle trade-mark. Ask your dealer to demonstrate this stove.

**Standard Oil Company**  
(Indiana) Chicago, U. S. A.  
For best results use Perfection Oil

72 W. Adams St. Chicago, U. S. A.

## REPORT SHOWS WORK OF COUNCIL OF DEFENSE

**Accomplishments of Body Organized Last March are Set Forth by Director Gifford—Many Highly Trained Men Give Entire Time to Work Without Remuneration**

Washington, June 25.—Accomplishments of the Council of National Defense, its advisory commission and its committees since the Council was finally organized last March are set forth in a comprehensive report made public tonight by Director Gifford.

Only eighty persons, according to Director Gifford's report, are drawing salaries and most of these are clerks and stenographers.

More than one hundred highly trained men, says the report, are giving their entire time to the Council without remuneration. Several hundred more, it says, are giving free a large part of their time.

**Council's Chief Accomplishments.**  
The chief accomplishments of the Council are summed up by Mr. Gifford as follows:

"Mobilization of the 262,000 miles of railroads of the country for the Government's defense.

"Close-knit organization of the telephone and telegraph companies of America to insure to the Government the most rapid and efficient wire communication.

"Settlement of the recent threatened national railroad strikes.

"General acceptance by labor and capital of the suggestion of the Council that existing labor standards should not be changed until the need for such action has been determined by the Council with the steady influence on industry growing out of such action.

"Procurement of 45,000,000 pounds of copper for the uses of the Army and Navy at less than one-half of the then current market price—a saving to the Government of approximately \$10,000,000.

"Similar accomplishments as to steel, zinc and aluminum.

"Completion of an inventory, for military purposes, of 27,000 American manufacturing plants.

"Money saving to the Government, thru appointment over the country of committees of business men to assist the quartermasters' department of the Army in the economical and efficient purchase of supplies.

"Saving to the Government of millions of dollars by the co-ordination of purchases thru the agency of the General Munitions Board.

"Creation, under the medical section of the Council of a General Medical Board, of many of the most highly qualified surgeons and physicians of the country.

"Selection by the same section of thousands of doctors specifically qualified for membership in the medical officers reserve corps, and the standardization, far on its way to completion, of surgical instruments and supplies.

"Creation by the Council of the Aircraft Production Board, which is setting out to make 3,500 airplanes and to train 6,000 aviators this year.

"Definite results obtained by the Council's Committee on Coal Production in the procurement and expedition of shipment of coal, both in the civilian and Federal interests.

"Successful initiation of a movement to co-ordinate activities in the part of the United States of the Union for the national defense, brought to a clear and workable focus by the conference of states held recently in Washington at the call and under the auspices of the Council.

"Organization of a railroad committee to send to Russia and enlistment of reserve engineer regiments to aid in rehabilitating the railroads of France."

**Enumerates Work of Boards.**  
Besides the many things done by the Council, Mr. Gifford enumerates in detail the work of the boards and committees. He begins with the General Munitions Board, of which Frank A. Scott is chairman, which, according to the report, has the following accomplishments to its credit:

"Development of the capacity of small arms factories to supply one million men with arms; contracts signed for small arms ammunition to meet all requirements; artillery ammunition supply developed; sources of machine gun supplies developed; raw material obtained for gun carriages and caissons; standardization of motor transports; supply of material for ambulance bodies obtained and satisfactory production of armored cars assured; reduction in price of machine guns and increased production arranged; arrangement of sufficient supply of surgical instruments; development of an improved optical glass for military instruments; recommendations made for taking over British small arms plants in this country; establishment of priority in manufacture of machine tools to assure government of proper supplies; compilation of list of munitions manufacturers for guidance of army and navy in making purchases.

"The General Munitions Board," the report declared, "has, since its organization, thru the co-ordination of purchasing alone saved many millions of dollars to the government."

The work of the Aircraft Production Board is set forth at length. Some of the main things it has done are:

"Assisted in organization of aircraft manufacturers into an association.

"Negotiated with aircraft companies and others to obtain a basis for settling patent disputes and helped put thru an agreement.

"Evolved, in co-operation with the chief signal officer, a training plan for aviators; assisted in starting schools for preliminary training of aviator cadets; arranged for sending professors to Toronto for instruction in this work.

"Developed in co-operation with the signal officer and the aeronautical division a standard type of aviation school building and equipment of buildings; assisted the aeronautical division in selecting sites for aviation schools.

"Investigated the production facilities of airplanes in the United States and made recommendations covering orders that should be placed immediately.

"Arranged for standardization of training type of machine gun between English, Canadian and United States service.

"Developed plans for battle types of planes, orders for which are being placed now by the military authorities."

**Medical Section's Work.**  
The medical section, under Dr. Franklin Martin and Dr. F. F. Simpson, has spent much of its time selecting civilian physicians for recommendation to the army and navy, Public Health Service and the Red Cross. The work has been done thru committees named in each state. Selection of 21,000 physicians has been completed, and the men have been given application blanks which they have been asked to file with the surgeon general.

Mr. Gifford's report emphasizes the work of an inter-departmental committee whose purpose is to prevent duplication of war work in the various government departments.

The Council has in the Naval Consulting Board a board of inventions, which just now is investigating plans to combat the submarine. The Board is headed by Thomas A. Edison and numbers among its members some of the country's most noted scientists and inventors.

A Commercial Economy Board, with A. W. Shaw as its chairman, is studying means by which commercial business may best meet demands made on it during the war, and how large quantities of supplies may be diverted to government use without upsetting the essential services of trade. This board is studying a plan to economize on city delivery systems and is investigating measures of economy for adoption by retail stores.

This board is studying a plan to economize on city delivery systems and is investigating measures of economy for adoption by retail stores.

**Expediting Coal Movement.**  
The coal problem is in the hands of a committee on coal production, headed by F. S. Peabody of Chicago. It is assisting the War Railroad Board in expediting the movement of coal and is taking measures to stimulate production.

A women's defense committee was created in April with Dr. Anna Howard Shaw as its chairman. Its activities are directed along the following lines:

"Organization of state committees, registration of women for service with the Food Administration, home and allied relief work, food production, conservation and thrift; educational propaganda, protection of women and child workers, conservation of the health and welfare of women, conservation of the moral and spiritual forces of the nation.

"Scientific research is being conducted by the National Research Council. The work is under the direction of Dr. George E. Hale and Dr. R. A. Millikan. The Research Council is co-ordinating the research activities of the country in the fields of science and engineering. It is now engaged in studying devices to detect submarines and mines, investigating range finders and instruments to detect invisible aircraft and improving wireless apparatus.

"A committee on shipping is working with the Shipping Board on the problem of increasing the country's merchant tonnage.

The work of state defense councils is co-ordinated thru a department headed by George F. Porter. It has assisted in organizing state councils and is giving them advice as to what the Federal Government expects of the states in assisting in the conduct of the war.

Transportation questions are studied by a committee on transportation. Daniel Willard, president of the Baltimore & Ohio railroad, is its chairman. It operates thru a War Railroad Board, of which Fairfax Harrison, president of the Southern Railway, is head. This board is running the various transportation lines as one continental system.

**Gives Preference to Fuel.**  
The Railroad Board has given preference to fuel and is moving coal ahead of all other commodities. Fuel probably will be the next commodity given preferential shipment. Coal is moved in this order: fuel for the government, for the roads on which mines are located, for other steam roads and finally for general purposes. The committee recommended the personnel of the railroad commission now in Russia. It is engaged, in discontinuing passenger trains not considered essential and expects to discourage conventions and other meetings that would require unusual train service.

Other accomplishments of the railroad board are given as follows: "Enlistment of nine regiments of engineers to rehabilitate the French railway systems; an arrangement for moving coal to the Pacific coast in box cars to prevent an uneconomical haul back; expeditious movement of food products."

Telephone and telegraph committees of the Council have arranged a system of co-operation between the wire companies and the government. Government calls are given preference.

Much army and navy purchasing has been done by the committee on supplies, of which Julius Rosenwald of Chicago is chairman. The committee is composed of six business men chosen from different industries, who are giving their entire time to the work. This committee is said to have saved the government

millions of dollars in the purchase of supplies. All army and navy contracts, before signed, are submitted to the committee for approval, and the committee in many instances has instituted new purchasing systems. Associated with the committee are a large number of sub-committees made up of experts on various commodities.

**Saved Government Large Sum.**

The committee on raw supplies, headed by Bernard M. Baruch of New York, has organized the purchase of raw materials. It saved the government, according to the report, \$10,000,000 on the purchase of a supply of copper.

Samuel Gompers' committee on labor is engaged in settling industrial disputes and maintaining existing labor standards.

The committee on Industrial Preparedness has obtained 27,000 detailed reports from the country's larger manufacturing plants as to capacity to meet the government's industrial and military needs during the war. This information, the report declares, will prove invaluable in placing orders for supplies.

**WOMEN IN THE NEWS**

The latest recruit of note for the movies is Maxine Elliott, who after seven years of residence in England has returned to America to do film work in California. The famous stage beauty made her last appearance on the stage of her native land in the season of 1910-11. She made her debut in small parts with E. S. Willard in 1890, at the age of seventeen and quickly rose to fame for a beauty almost peerless on the American stage since the days of Mary Anderson.

Mrs. Raymond Robins (Margaret Dreier), the well known social economist, has given a new definition of the word "flapper." "Flappers," says Mrs. Robins "are women whose economic wings are yet unfurled, but will find them in the service of their country in the present crisis." Fifty five per cent of the women of the United States, according to Mrs. Robins, are in a supported class, doing nothing in industry and not entering the professions. From these 55 out of 100 American women whom necessity or ambition has not yet sent into the field of "gaudily occupation," must be recruited, according to Mrs. Robins, the women who will have to fill the places of the men who have gone to war.

Miss Alfreda M. Mosher, head of the employment of foreign women at the Boston, Mass. Y. W. C. A. has organized a cosmopolitan club where French, Austrian, Hungarian, Belgian, Swiss, Greek, Spanish Italian and German girls and women gather as friends despite the feuds which have made enemies of their families in their distant lands. Miss Mosher admits that there have been "tense moments" in this unique undertaking of hers, begun with the hope of saving the women and girls from isolation and bitterness. The hardest meeting of all was after the Lusitania disaster. But the only serious trouble which arose was between two German girls who could not see the disaster from the same viewpoint. And a Belgian girl whose family had been driven from their home by the invaders finally restored harmony. The Christmas party was unique. French, Russian, German, Austrian and Italian girls all sang "Holy Night," each in her own language. Miss Mosher can preach universal friendship and harmony in seven languages. Hence her remarkable success with her unique Cosmopolitan Club.

Wherever military men abide, Leavenworth is known as "the mother-in-law of the army," because of the many Leavenworth women who have married officers or soldiers. With their husbands now being transferred from one point to another at short notice, or preparing to sail for France, army wives and their families are coming back to Leavenworth by the score to be near the old folks and filling the place with "war widows." The early arrivals got quarters at Fort Leavenworth, and the later come are now filling up hotels and apartment houses in the town itself. Leavenworth girls always have had the pick of the army because of the great army schools at Ft. Leavenworth. Young officers are sent to the schools at just about the time they have saved enough money and reach the right age to marry. Between the social affairs at the post and in town they have ample opportunity to meet the young women and as a result Leavenworth probably has furnished more brides to the army than any other town in the country.

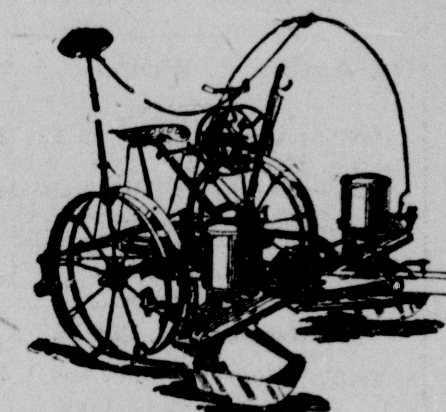

## HEAT YOUR HOME WITH Vacuum System of Heating

### BERNARD GAUSE

225 East State St.

Now is the Time to Install the Plant for Next Winter.

## International Corn Planters Have a Habit of Pleasing

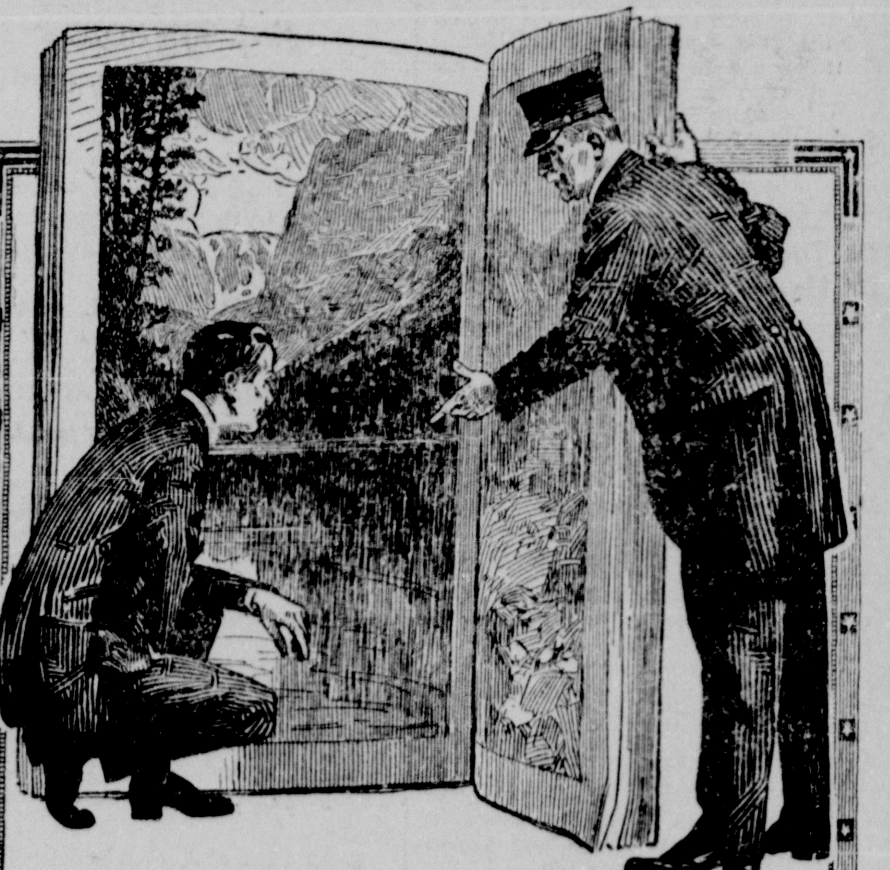

If your neighbor owns an International corn planter, you don't have to be told that he is satisfied. You know it, and we know it. The International corn planter satisfies because it is simple and because it plants corn the way you want it planted. A strong feature is the adjustable runner frame, keeping the runners even and the hoppers level, no matter what the height or speed of your team. This means accurate dropping and even checking instead of zig zag. It is a very convenient planter under all conditions.

The International is the corn planter that deserves to be looked over by every farmer who wants to get the most out of his cornfields. It wastes neither seed nor ground, it handles easily, and it lasts as long as any farmer could ask.

Come in the first time it is convenient and study an International planter. Made in five styles—own the style that suits you.

## MARTIN BROS.

When you see what Colorado offers you'll wonder why you missed going before. Colorado is stupendous in its thrills and scenery. In its mile-high air and magnificent scenery, the most commonplace sport enthralls you. Colorado gives you much more, at no more cost.

Low fares to Colorado via  
**WABASH UNION PACIFIC**

—the direct line to Rocky Mountain Nat'l Park

Shortest route to Colorado, with splendid double track system, protected by automatic block signals all the way. Leave St. Louis at 9:03 a. m. on the elegant steel train "The St. Louis-Colorado Limited", reaching Kansas City 5:30 p. m., and Denver 12:20 noon next day. Reach Estes-Rocky Mountain National Park by 6:40 p. m. same day—via automobile from Denver, through the magnificent St. Vrain Canyon. Another fine train to Colorado leaves St. Louis at 10:30 p. m. If you go to Yellowstone, the Wabash-Union Pacific gives you the advantage of seeing Salt Lake City, as well as Colorado, en route.

Today send for beautiful literature telling all about Colorado, cost of vacation there, fare from your town, etc., and the special advantages of Wabash-Union Pacific service. Don't miss a Colorado vacation, because you think it costs too much—get full information now from

J. D. McNamara, Passenger Traffic Manager, Wabash, Railway Exchange Building, St. Louis, Mo.  
or W. J. Dutcher, General Agent, Union Pacific, 308 North Broadway, St. Louis, Mo.

## Busy Days For Concrete Workers

This is the busy season for concrete work but we can give any job you have careful attention. You will find the prices fair.

### Early Coal Buying Best

Market prices are going upward in the coal business and we believe the public will save money by buying early. Springfield coal now \$5.00 per ton; Carterville, \$5.75.

### \$160 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and sets thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that fails to cure. Send for list of testimonials. Address F. J. CURENEY & CO., Toledo, Ohio. Sold by all Druggists, etc.
